Product Description

Aluminum Alloy 7-Speed Electric Bike With 48V 500W Motor LCD Display Kenda 20 Tires

Product Description:

The bike is made with a sturdy aluminum alloy frame material, ensuring that it can handle anything you throw at it. With a max speed of 20 mph, you can go fast enough to get a thrill while still being safe. The comfortable padded seat ensures you can take on even the toughest terrain without feeling like you're sitting on a rock. The front and rear mechanic disc brakes provide excellent stopping power, keeping you safe no matter the situation. The Kenda 20 tires are perfect for any terrain, whether you're riding on dirt, sand, or snow. The tires are designed to provide exceptional traction and stability, ensuring you can tackle any obstacle with ease. Whether you're looking for a Fat Tire Electric Hunting Bike or just a fun way to explore the great outdoors, the Fat Tire Electric Bike is the perfect option. With its durable construction, comfortable seat, and excellent braking system, you can ride with confidence no matter where your adventures take you.

Applications:

The XCF-01 is equipped with a powerful 48V 10.4Ah Cell Lithium Battery which allows for a maximum speed of 20 mph. The LCD 5 Modes Digital Display provides the rider with all the necessary information including speed, battery level, distance traveled and more. The Torque Sensor ensures that the power output is smooth and efficient, making the ride comfortable and enjoyable. One of the most unique features of this bike is its fat tires. The Kenda 20-inch tires provide excellent traction, stability, and comfort even on rough terrain. The Fat Tire Electric Folding Bike is perfect for outdoor enthusiasts who enjoy exploring new trails and terrains. It provides an effortless and thrilling ride, whether it's through the city or on a mountain trail. The XCF-01's folding feature makes it easy to store and transport. It's perfect for those who have limited storage space or want to take their bike on the go. The Fat Tire Electric Folding Bike is also perfect for commuters looking for an eco-friendly alternative to traditional transportation methods. Its compact size and electric motor make it ideal for navigating through busy city streets, reducing carbon emissions and saving time. The Electric City Bike is also great for those who enjoy leisurely rides around the neighborhood or city. Its powerful motor makes it easy to climb hills and navigate through traffic. The XCF-01 is perfect for those who want to enjoy a fun and exciting ride without the hassle of traditional bikes. Overall, the Hongtu XCF-01 Fat Tire Electric Bike is the perfect companion for outdoor enthusiasts, commuters, and leisure riders alike. Its unique features, powerful motor, and comfortable ride make it an excellent investment for anyone looking for a high-quality electric bike. With a delivery time of 40-50 days, you can start enjoying your new bike in no time!
