Product Description

Aluminum Alloy Frame Yellow Cargo EBike with Shimano External 7Speed Gears and Lithium ion Battery

Product Description:

With a maximum speed of 32km/h, the Cargo EBike can take you where you need to go efficiently and quickly. The 500W motor power provides ample support for the bike, making it easy to transport heavier loads. The speed sensor ensures that the motor only activates when you need it, providing a more natural riding experience.

The Cargo EBike is perfect for a variety of uses, whether you need to transport goods for your business or simply run errands around town. The cargo box truck can be customized to fit your specific needs, whether you need a larger or smaller cargo area. The bike's electric motor makes it easy to navigate through traffic and allows you to travel further distances without getting tired.

In conclusion, the Cargo EBike is an excellent choice for anyone looking for a sustainable and convenient mode of transportation. Its Aluminum Alloy frame material and front suspension make it durable and comfortable, while its 500W motor power and speed sensor provide ample support for heavier loads. Whether you're using it for business or pleasure, the Custom Cargo Bike design allows you to customize the cargo area to fit your specific needs.

Technical Parameters:

Sensor	Speed Sensor
Maximum Speed	32km/h
Battery Capacity	48V15Ah
Motor Power	500W
Color	Yellow
Frame Material	Aluminum Alloy
Display	LCD 5 Modes Digital Display
Battery Type	Lithium-ion
Gears	Shimano External 7Speed
Suspension	Front Suspension

Applications:

Thanks to its sturdy cargo box truck, this electric bike can carry up to 150kg of weight, making it ideal for businesses and individuals who need to transport heavy goods. The Shimano External 7Speed gears provide smooth and efficient shifting, while the LCD 5 Modes Digital Display allows you to keep track of your speed and battery life. With a maximum speed of 32km/h and 20 inch tires, the Hongtu EP-104 is a reliable and efficient mode of transportation for a variety of occasions and scenarios.

One of the key benefits of the Hongtu EP-104 is its versatility. Whether you're a business owner looking for a more efficient way to make deliveries or an individual who needs a reliable mode of transportation for commuting, this electric cargo bicycle is a great choice. It's also perfect for use in warehouses, factories, and other settings where materials need to be moved quickly and easily.

Another advantage of the Hongtu EP-104 is its speed and agility. Unlike larger cargo trucks, this electric bike can navigate through traffic and tight spaces with ease, making it a great choice for urban delivery routes. And because it's electric, it's also more environmentally friendly and cost-effective than traditional gas-powered vehicles.

So whether you're a small business owner looking to streamline your delivery process or an individual looking for a more efficient way to commute, the Hongtu EP-104 electric cargo bicycle is a great choice. With a minimum order quantity of 10 pcs and packaging details of 157*28*85cm, you can easily order multiple bikes for your business or organization. And with a delivery time of 40-50 days, you can start enjoying the benefits of this reliable and efficient mode of transportation in no time.

Customization:

Customize your Hongtu EP-104 2 Wheel Cargo Motorcycle to fit your specific needs!

Originating from China, this Cargo Electric Bike comes with front suspension and a speed sensor for a smooth ride. The disc brake ensures safe stopping power, while the aluminum alloy frame provides durability. The bright yellow color adds visibility on the road. Order a minimum of 10 pcs and receive the Cargo Box Truck packaged at 157*28*85cm. Expect delivery within 40-50 days.

Packing and Shipping:

Product Packaging:

The Cargo EBike will be securely packaged in a sturdy corrugated cardboard box with foam inserts to prevent any damage during transportation. The box dimensions will be 160cm x 80cm x 120cm and will weigh approximately 60kg.

Shipping:

For international orders, shipping fees will vary depending on the destination country. The estimated delivery time is 5-7 business days within the United States and 10-14 business days for international orders.
