- Display: Color LCD With USB
- Motor Power: 250-1000W
- Controller: Intelligent Controller
- Highlight: **Cargo EBike with LED Big Light,
Hydraulic Disc Brake Cargo EBike,
1000W Motor Power Cargo EBike**

Product Description

Yellow Aluminum Alloy Cargo EBIke With Hydraulic Disc Brake 1000W Motor Power LED Big Light

Product Description:

The Cargo EBIke comes equipped with hydraulic disc brakes, which provides reliable stopping power, ensuring that you can safely transport your cargo even in challenging road conditions. The brakes are specifically designed to handle the weight of the cargo box truck, making it a heavy-duty cargo truck that can handle even the toughest of jobs.

The Cargo EBIke is powered by a lithium-ion battery, which can provide up to 35Ah of power. This battery is designed to provide long-lasting power, ensuring that you can travel long distances without the need to recharge. It also has a long life cycle, which means that you won't have to replace the battery frequently.

The frame of this cargo electric bike is made from aluminum alloy, which is both lightweight and durable. This material is known for its strength and durability, making it ideal for heavy-duty applications such as the Cargo EBIke. It can handle the weight of the cargo box truck while still providing a comfortable and stable ride.

The Cargo EBIke is designed to be versatile, allowing you to transport a wide range of cargo. It comes with a cargo box truck that can be easily attached and detached, providing you with the flexibility to transport different types of cargo. This makes it an ideal choice for businesses that need to transport different types of goods.

In conclusion, the Cargo EBIke is a heavy-duty cargo truck that is designed to meet the needs of individuals and businesses that require a reliable and efficient mode of transportation for their cargo. With its powerful motor, hydraulic disc brakes, lithium-ion battery, and aluminum alloy frame, this cargo electric bike can handle even the toughest of jobs. It is versatile, flexible, and provides a safe and enjoyable ride, making it the perfect choice for anyone who needs to transport cargo.

Technical Parameters:

Controller	Intelligent Controller
Sensor	Speed Sensor
Battery Type	Lithium-ion
Battery Capacity	35Ah
Color	Yellow
Derailler	Shimano 7 Speed
Brake Type	Hydraulic Disc Brake
Display	Color LCD With USB
Frame Material	Aluminum Alloy
Front Light	LED Big Light

Applications:

The Electric Cargo Bicycle is equipped with Hydraulic Disc Brakes that make it safe and easy to control. The 24-inch tire size is specifically designed for heavy-duty usage and can withstand the rigors of daily use. The Speed Sensor helps regulate the speed of the bike, making it easier to maneuver through busy streets and traffic.

The Aluminum Alloy frame material of the Cargo EBIke ensures that it is lightweight yet sturdy enough to carry heavy loads. The LED Big Light on the front helps to illuminate the path and ensures that the rider can see ahead clearly, especially during the night.

The Cargo Electric Bike is ideal for a variety of Product Application Occasions and Scenarios. It can be used for transporting goods, food, and other items from one place to another. The bike is perfect for small businesses that need to make deliveries in urban areas. It can be used for delivering groceries, parcels, or even used as a courier service.

The Heavy Duty Cargo Truck can also be used by individuals who want to transport heavy items, such as furniture or appliances, within the city limits. It is an eco-friendly and cost-effective way of transporting goods, as it does not require any fuel and can be recharged easily.

In conclusion, the AMS OSTRICH Electric Cargo Bicycle is a versatile and practical mode of transportation that is perfect for a wide range of Product Application Occasions and Scenarios. Its durability, safety features, and eco-friendliness make it a great choice for businesses and individuals looking for a reliable and efficient way to transport goods in the city.

Customization:

Originating from China, our Cargo Electric Bike is made with high-quality aluminum alloy frame material, ensuring durability and reliability. The bike features a 35Ah battery capacity, providing long-lasting power for all your cargo transportation requirements.

The color LCD with USB display and speed sensor make it easy to navigate and control the bike. The hydraulic disc brake ensures safety and precision.

Our minimum order quantity is 10 pcs, with a delivery time of 40-50 days. Contact us today to customize your AMS OSTRICH Cargo EBIke for your specific needs.

Keywords: Cargo Electric Bike, Heavy Duty Cargo Truck, 2 Wheel Cargo Motorcycle

Packing and Shipping:

Product Packaging:

The Cargo EBike will be packaged securely in a sturdy cardboard box to ensure safe delivery. The bike will be partially assembled and all necessary tools and instructions will be included for easy completion of assembly.

Shipping:

The Cargo EBike will be shipped via a trusted courier service. Delivery times may vary depending on your location, but typically take between 3-7 business days. A tracking number will be provided so you can monitor the progress of your shipment.
