## Product Description

### Color LCD Display Fat Tire Electric Bike with 32Km/h Speed Hydraulic Disc Brakes and 20Ah Battery

#### Product Description:

One of the standout features of this bike is its color LCD display with USB. This allows you to easily track your speed, distance, and battery life, as well as charge your phone or other devices on the go. The display is easy to read and provides all the information you need for a safe and enjoyable ride.

The Fat Tire Folding Electric Bike is also equipped with a 20Ah battery, which provides plenty of power for long rides. With this battery, you can travel up to 60 miles on a single charge, making it perfect for commuting or exploring new terrain. The battery is easily removable, so you can charge it wherever you go.

In terms of safety, this bike comes with hydraulic disc brakes, which provide powerful and reliable stopping power. Whether you're riding on pavement, dirt, or gravel, you can trust that you'll be able to stop quickly and safely. The fat tires also provide excellent stability and traction, making it easy to navigate rough terrain.

The frame of the Fat Tire Folding Electric Bike is made from lightweight and durable aluminum alloy, which makes it easy to carry and maneuver. It also features a comfortable padded seat, which is perfect for long rides. The seat is adjustable, so you can find the perfect position for your needs.

Overall, the Fat Tire Folding Electric Bike is an excellent choice for anyone who wants a versatile and reliable bike for both on and off-road adventures. With its powerful motor, long-lasting battery, and comfortable design, it's sure to provide you with many years of enjoyable riding.

#### Technical Parameters:

Fat Tire Electric Mountain Bike	
Electric Bike	
Fat Tire Electric Bike

#### Applications:

One of the key features of the AMS SEAHORSE Fat Tire Electric Bike is its fat tires, which are 20 inches in diameter and 4.0 inches wide. These tires are perfect for tackling any terrain, including sand, snow, and mud. Whether you're riding on a city street or a mountain trail, the fat tires provide excellent grip and stability.

The AMS SEAHORSE Fat Tire Electric Bike is also equipped with a powerful 20Ah battery, which provides up to 40 miles of pedal-assist range. This means that you can ride all day without worrying about running out of battery power. The battery is also conveniently located on the rear rack, making it easy to remove and recharge.

The frame of the AMS SEAHORSE Fat Tire Electric Bike is made of lightweight and durable aluminum alloy, which makes it easy to carry and maneuver. The bike also comes with a 7-speed Shimano gearing system, which allows you to easily shift gears and adapt to different riding conditions.

The AMS SEAHORSE Fat Tire Electric Bike also features a color LCD display with USB, which allows you to monitor your speed, distance, battery life, and other important information. The display is easy to read and provides a clear view of your riding data.

Whether you're looking for an Electric City Bike for your daily commute or a Fat Tire Folding Electric Bike for your next adventure, the AMS SEAHORSE Fat Tire Electric Bike is the perfect choice. With a minimum order quantity of 10 pcs, you can purchase this bike for your family, friends, or business. The bike comes in a packaging size of 154\*28\*90cm and will be delivered within 40-50 days from China.

#### Customization:

Whether you're looking to purchase 10 pcs or more, our minimum order quantity, we've got you covered! Our delivery time is between 40-50 days.

When you choose the AMS SEAHORSE, you can feel confident that you're getting a high-quality Fat Tire Electric Folding Bike that's built to last. Customize your bike to fit your unique style and preferences, and enjoy the convenience and eco-friendliness of an Electric Bike.

**Packing and Shipping:**

Product Packaging:  
The Fat Tire Electric Bike is carefully packaged to ensure that it arrives in perfect condition. It is securely wrapped in a protective foam layer and placed in a sturdy cardboard box. The box is then sealed with adhesive tape to prevent any damage during transit.

Shipping:  
The bike is shipped via ground transportation and is expected to arrive within 5-7 business days from the date of purchase. For international orders, please contact us for a shipping quote.
