Basic Information

- Place of Origin: China
- Brand Name: AMS
- Model Number: AMS-TDE-12
- Minimum Order Quantity: 10pcs
- Price: Negotiation
- Delivery Time: 15-20Days
- Payment Terms: T/T

Product Specification

- Front Light: LED Light
- Battery Type: Lithium-ion
- Brake Type: Disc Brake
- Frame Material: Aluminum Alloy
- Color: Black
- Controller: Intelligent Controller
- Motor Power: 36V 250W-48V 1000W
- Derailleur: Shimano 7 Speed
- Highlight: **electric city bike with intelligent controller,
Shimano 7 Speed city ebike,
26 inchx4.0 tire city ebike**

Product Description

AMS-TDE-12 Aluminum Alloy Frame City EBIke with Lithium ion Battery and Intelligent Controller

Product Description:

One of the standout features of the City EBIke is its Intelligent Controller. This controller allows for smooth and precise control of the bike's motor power. The motor power of this 2 Wheel Cargo Motorcycle can range from 36V 250W to 48V 1000W, depending on the rider's needs. This means that the bike can handle heavy loads and steep inclines with ease.

The City EBIke also features large 26 Inch*4.0 tires that provide excellent traction and stability. These tires are perfect for navigating rough terrain and handling heavy loads. Additionally, the bike's Disc Brake system ensures that the rider can quickly and safely stop the bike in any situation.

Overall, the City EBIke is a reliable and efficient 2 Wheel Cargo Motorcycle that is perfect for anyone looking to haul heavy loads or commute in urban areas. With its Intelligent Controller, powerful motor, and sturdy tires, this Cargo Electric Bike can handle any challenge thrown its way.

Technical Parameters:

Color	Black

Battery Type	Lithium-ion
Front Light	LED Light
Motor Power	36V 250W-48V 1000W
Derailleur	Shimano 7 Speed
Brake Type	Disc Brake

Applications:

One of the most common uses for the AMS-TDE-12 electric city bicycle is for deliveries. It is a great alternative to traditional 2 wheel city motorcycles. With its cargo box truck, it can easily transport goods from one location to another, even in tight spaces that larger vehicles cannot access. This makes it ideal for urban delivery services where traffic and parking can be a challenge.

Another application for the AMS-TDE-12 electric city bicycle is for industrial use. It can be used to transport tools, equipment, and materials around a job site. Its compact size allows it to easily maneuver through narrow passages and between obstacles. It can also be used by maintenance personnel to quickly move around a large facility, such as a factory or warehouse.

The AMS-TDE-12 electric city bicycle is also suitable for personal use. It can be used to carry groceries, household supplies, or even a pet.

In conclusion, the AMS-TDE-12 electric city bicycle is a versatile and efficient mode of transportation for various application occasions and scenarios. Its compact size, cargo box truck, and powerful motor make it a great alternative to 2 wheel cargo motorcycles and larger vehicles. Whether for deliveries, industrial use, or personal use, the AMS-TDE-12 electric city bicycle is sure to meet your transportation needs.

Customization:

Packing and Shipping:
