## Product Description

### Product Description:

The PROWHEEL 39\*53T crankset is a standout feature of this bicycle, as it provides reliable and efficient power transfer to the wheels. Additionally, the SHIMANO ST4700 shifter allows for smooth and precise gear changes, ensuring that you can easily adapt to changing terrain and road conditions.

One of the most important safety features of any bicycle is the braking system, and this bicycle does not disappoint. The mechanical hydraulic brake system provides strong and reliable stopping power, ensuring that you can always ride with confidence and peace of mind.

The rims on this bicycle are also made from alloy, providing additional durability and strength. The combination of the aluminum alloy frame and alloy rims make for a robust and reliable bicycle that can withstand the wear and tear of regular use.

This bicycle is perfect for riders who are looking for a high-quality, reliable bicycle that can handle a variety of terrains and conditions. Whether you're a seasoned cyclist or just starting out, this bicycle is sure to exceed your expectations and provide you with a smooth and comfortable ride.

With its sleek and modern design, the Aluminum Alloy Bicycle is also a stylish addition to any cyclist's collection. The aluminum alloy frame is not only functional, but also adds a touch of elegance and sophistication to the overall look of the bicycle.

In summary, the Aluminum Alloy Bicycle is a top-of-the-line bicycle that features a durable aluminum alloy frame, a reliable crankset and shifter, a strong braking system, and alloy rims. This bicycle is perfect for recreational and competitive cyclists alike, and is sure to provide a smooth and comfortable ride for years to come.

### Technical Parameters:

Crankset	PROWHEEL 39*53T
Handlebar	Alloy One Piece
Rim	Alloy
Rear Derailleur	SHIMANO RD4700
Brake Type	Mechanical Hydraulic Brake
Shifter	SHIMANO ST4700
Pedals	Bearing Alloy
Material	Aluminum Alloy Metal
Frame	Alloy Bicycle Frame Thru Axle
Spokes	Stainless Steel

### Applications:

This bike is equipped with Mechanical Hydraulic Brake, which provides excellent stopping power and gives the rider full control over the bike. The Stainless Steel spokes make the wheels strong and durable, ensuring a smooth ride even on rough terrain. The SHIMANO ST4700 Shifter enables smooth and precise shifting, making it easy for the rider to navigate through different gears. The Alloy Thru Axle fork provides additional stability and control, making it ideal for mountain biking.

The HL-PARADOX is perfect for a range of occasions and scenarios. Whether you're commuting to work, exploring the mountains, or taking a leisurely ride around the park, this bike is versatile enough to handle it all. Its compact size and foldability make it easy to store and transport, making it a great choice for travelers and commuters. The Alloy Frame Mountain Bike is also suitable for riders who want to challenge themselves on tough terrains and take their biking skills to the next level.

In summary, the HL-PARADOX is a high-quality Aluminum Folding Mountain Bike that is built to last. Its strong, lightweight frame, Mechanical Hydraulic Brake, Stainless Steel spokes, SHIMANO ST4700 Shifter, Alloy Thru Axle fork, and SHIMANO FD4700 Front Derailleur make it a top choice for adventurous riders who want to explore the outdoors. Whether you're a seasoned pro or a beginner, this bike is sure to give you a thrilling and enjoyable riding experience.

### Customization:

Customize your Aluminum Mountain Bike with HL's HL-PARADOX model. Made with high-quality Aluminium Metals, this Alloy Bicycle Frame is durable and long-lasting.

Originating from China, this bike is available for a minimum order quantity of 10 pcs. A delivery time of 40-50 days can be expected. The wheel size of this bike is 700C\*25C and it features a Mechanical Hydraulic Brake system. The spokes are made of stainless steel and the shifter is a SHIMANO ST4700. The handlebar is an Alloy One Piece design.
