## Product Description

### Aluminium Alloy Frame CDC Comfortable Saddle Electric Folding Bike with LCD Display 36V 250W Motor

#### Product Description:

The frame of the Adult Folding Bike is made of high-quality aluminium alloy, which makes it sturdy, durable, and lightweight. It is designed to withstand the rigours of daily use, ensuring that you can enjoy a smooth and comfortable ride every time. The bike is equipped with a powerful 36V 250W motor, which provides ample power and speed to handle any terrain. Whether you are cruising on a flat road or climbing a steep hill, the motor will ensure that you can reach your destination quickly and effortlessly.

The battery of the Adult Folding Bike has a capacity of 36V 7.8Ah, which provides a range of up to 50 km on a single charge. The charging time of the bike is only 3-4 hours, which means that you can quickly recharge the battery and get back on the road in no time. The bike also comes with a LCD display, which shows you the speed, distance, and battery level, ensuring that you are always aware of your bike's performance.

The Adult Folding Bike is equipped with high-quality 20\*1.95 tires, which provide excellent traction and stability on any terrain. Whether you are riding on a smooth road or a bumpy trail, the tires will ensure that you have a safe and comfortable ride. The bike also comes with a front and rear disc brake, which provides excellent stopping power, ensuring that you can stop quickly and safely in any situation.

In conclusion, the Adult Folding Bike is an excellent choice for anyone who is looking for a reliable, efficient, and stylish mode of transportation. Whether you are looking for a bike to commute to work, run errands, or explore the city, the Adult Folding Bike is the perfect choice. With its lightweight and compact design, powerful motor, long battery life, and excellent performance, the Adult Folding Bike is sure to exceed your expectations.
