Product Description

Red Aluminum Alloy City EBike Li ion 36V8.7AH LED Light Electric Throttle 40KM PAS 50 KM

Product Description:

The City EBike comes equipped with a 26 Inch*1.95 tire size, providing a smooth and comfortable ride. The motor power of this bike is 36V 250W, which is more than enough to keep you moving at a steady pace. The Shimano 7 Speed Derailleur allows you to easily adjust your speed and helps you tackle any hill or incline with ease.

One of the most important aspects of any bike is its braking system, and the City EBike doesn't disappoint. It comes with a reliable Disc Brake system, ensuring that you can stop quickly and safely whenever necessary.

Whether you're using the City EBike for personal or business purposes, it's sure to make your life easier and more convenient. It's essentially a 2 Wheel City Motorcycle that you can use to transport items around town, without having to worry about parking, traffic, or the high costs of gas.

Applications:

The City EBike is perfect for individuals who need to transport goods quickly and efficiently. It comes with a Throttle+5 Electric Speed mode that allows riders to move at different speeds depending on their needs. Whether you're in a rush or need to take things slow, the Ahhabike-lady has got you covered. The bike comes with an LED Light that provides riders with visibility during nighttime rides. This feature is especially useful for delivery services that operate during the night.

For riders who need to travel long distances, the Shimano 7 Speed Derailleur is an essential feature. The derailleur provides riders with the ability to change gears and adjust the bike's speed according to the terrain they are riding on. The Disc Brake Type is another feature that ensures the safety of riders. It provides a strong and reliable braking system that can stop the bike immediately in case of an emergency.

With a Throttle 40KM and PAS 50+KM capacity, the Ahhabike-lady has an impressive range that allows riders to transport items over long distances. This feature is particularly useful for delivery services that need to make multiple deliveries in a day. The City Electric Bike can be used in various occasions, such as grocery shopping, transporting goods to and from work, and making deliveries to customers. It is a versatile and efficient mode of transportation that can help businesses save time and money on delivery costs.

Orders for the Ahhabike-lady can be placed with a minimum order quantity of 10 pcs. The product is manufactured in China and delivery time is estimated to be between 40-50 days. Place your order today and experience the convenience and efficiency of KSKL's City Electric Bike.

Customization:

Introducing our customizable City EBike from KSKL - Ahhabike-lady. Made in China, this heavy-duty cargo truck is perfect for all your transportation needs. Its disc brake system ensures maximum safety while the Bluetooth OLED display and LED light provide convenience. The throttle+5 electric speed mode allows for easy and efficient riding.
