## Product Description

### Ahhabike- rocket Aluminium Alloy Frame Electric Folding Bike Disc Brakes 25 KM/H Speed

#### Product Description:

The bike is made of high-quality Aluminium Alloy which makes it lightweight and durable. The bike's frame can easily be folded down to a compact size, making it perfect for storage in small spaces such as apartments, dorm rooms, or even the trunk of your car. This Folding Electric Bike comes in a sleek black and white color, making it an attractive addition to your collection of bikes.

The bike's system features a SPEED Sensor Shimano 7 Speed, which allows you to shift gears easily and smoothly. This ensures that you can ride at the pace that suits your needs, whether you're commuting to work or cruising around town. The bike's BLUETOOTH OLED Display is easy to read and allows you to track your speed, distance, and other important metrics.

The bike's tire size is 20\*1.75, which makes it perfect for city riding. The tires are designed to provide a smooth and comfortable ride, whether you're on the road or on a bike path. The bike's folding design and lightweight construction make it easy to carry around, so you can take it with you wherever you go.

Overall, this Folding Electric Bike is a great choice for anyone who wants a reliable, convenient, and easy-to-use mode of transportation. Whether you're commuting to work, running errands, or just cruising around town, this bike has everything you need to get where you're going.

#### Technical Parameters:

Attribute	Description
