Product Description

Product Description:

The Cycling Sports Helmet is designed with 18 vents to provide excellent ventilation to keep your head cool and dry during your ride. These vents are strategically placed to allow for maximum airflow while cycling. This means that you can focus on your ride without worrying about feeling overheated or uncomfortable.

This Helmet for Cycling is suitable for adults with a head size of L (58-61cm). It is important to choose the correct size helmet to ensure that it fits securely and provides maximum protection. The helmet has an adjustable strap that allows you to customize the fit to your head size and shape.

The Safety Helmet for Cycling Sports is an essential piece of gear for any cyclist, whether you are a beginner or an experienced rider. It provides the necessary protection to your head in case of an accident, and it should be worn at all times while cycling. It can protect you from serious head injuries that can occur during a fall or collision.

Overall, this Cycling Sports Helmet is a great investment for anyone who takes their cycling seriously. It is a high-quality product that is designed to provide maximum protection and comfort. It is also available in various colors, so you can choose the one that best suits your style. Don't wait any longer to invest in your safety and get yourself a Safety Helmet for Cycling Sports today!

Additional Features	Well Ventilated
Weight	2459g±10g
Age Group	Adult
Gender	Unisex
Suitable For	Cycling/skateboarding/roller Skating
Features	Fluent Ultralight Design
Item	Helmet For Bike
Ventilation	18 Vents
Color	Various Options Available
Structure	Integrated Forming

Applications:

One of the most outstanding features of the WX-036 Intelligent Bike Helmet is its ventilation system. With 18 vents, the helmet provides enough airflow to keep the head cool during hot weather conditions. The helmet is designed to fit a head size of L(58-61cm), making it suitable for most adults.

The WX-036 Intelligent Bike Helmet is made of Shell PC+EPS Foam material, which provides excellent protection against shocks and impacts. This feature makes it an excellent choice for individuals who are into high-risk sports such as cycling, skateboarding, or roller skating.

The WX-036 Intelligent Bike Helmet is suitable for cycling in various scenarios, such as mountain biking, road biking, and leisure cycling. The helmet is also ideal for skateboarding and roller skating, ensuring maximum safety for the head.

In conclusion, the WX-036 Intelligent Bike Helmet is an excellent investment for individuals who are into high-risk sports such as cycling, skateboarding, or roller skating. With its exceptional features such as the ventilation system, integrated forming structure, and excellent material used in making it, the helmet is an outstanding choice.
