## Product Description

### Product Description:

One of the standout features of this handlebar is the grip material. Made with durable rubber, you can trust that your hands will stay firmly in place while you ride. Say goodbye to slipping and sliding, and hello to a smooth and comfortable ride.

In addition to the grip material, this handlebar is also made with premium leather material. Not only does this add to the overall aesthetic of your bike, but it also ensures the durability and longevity of the handlebar. You can trust that this handlebar will withstand the wear and tear of regular use.

The Adjustable Bar For Bike is also specifically designed to be compatible with road bikes. This means that you don't have to worry about whether or not it will fit your bike - it's made to seamlessly integrate with your existing setup.

Another great feature of this handlebar is the color. The gray color is versatile and pairs well with a variety of bike styles and colors. Whether you're going for a sleek and modern look or a more classic and understated style, this handlebar will complement your bike perfectly.

Finally, the size of this handlebar is 31.5mm. This is a comfortable and standard size that is perfect for most riders. Whether you're a seasoned cyclist or just starting out, this handlebar will provide you with the support and comfort you need.

Overall, if you're looking for a high-quality and reliable handlebar for your road bike, look no further than the Adjustable Bar For Bike. With its durable materials, comfortable grip, and sleek design, this handlebar is the perfect addition to your cycling setup.

### Technical Parameters:

### Applications:

These handlebars are designed for adjustable bars, making them a versatile choice for cyclists of all skill levels. Whether you're a professional athlete or a casual rider, the AFT Cycling Handlebars are a great choice.

Thanks to their durable construction and high-quality materials, these handlebars are perfect for a wide range of cycling occasions and scenarios. Here are just a few examples:

**Cycling Competitions:** The AFT Cycling Handlebars are the perfect choice for competitive cycling events, such as races and time trials. Their ergonomic shape and rubber grip material provide superior comfort and control, helping cyclists to perform at their best.

**Cycling Tours:** If you're planning a long-distance cycling tour, you'll appreciate the comfort and durability of the AFT Cycling Handlebars. Their adjustable design allows you to customize your riding position for maximum comfort, while the high-quality leather ensures that they'll last for many miles to come.

**Mountain Biking:** When you're navigating tricky terrain on a mountain bike, you need handlebars that can handle anything. The AFT Cycling Handlebars are up to the task, thanks to their durable construction and rubber grip material. Plus, their ergonomic shape provides a comfortable grip even during the most challenging rides.

**Commuting:** If you use your bike to commute to work or run errands, you'll appreciate the comfort and convenience of the AFT Cycling Handlebars. Their adjustable design allows you to customize your riding position for maximum comfort, while their durable construction ensures that they'll hold up to daily use.

These handlebars are made in China and require a minimum order quantity of 50 pieces. The delivery time is 40-50 days, so be sure to plan ahead if you're ordering for a specific event or occasion. With a drop of 130mm and a size of 31.5mm, these handlebars are a great choice for a wide range of cyclists. Order yours today and experience the comfort and control of the AFT Cycling Handlebars!

### Customization:

With our customization services, you can choose to add an adjustable bar to your handlebars, allowing you to adjust the position to your liking. Our handlebars are designed with a size of 31.5mm to fit most standard bikes.

Our AFT cycling handlebars are manufactured in China and have a model number of 3130-05. The minimum order quantity for our handlebars is 50 pieces, and delivery time is approximately 40-50 days.

Take your cycling to the next level with our AFT cycling handlebars and customize them to your exact specifications. Our handlebars are perfect for competitive cycling and are often used in cycling medals events. Order yours today and experience the ultimate in cycling performance and comfort.
