Product Description

YCD-K1+ Colorful 150W*2 Motor Power Electric Balance Scooter for Teens 12 Km/h Speed 10-12 Km Range 15° Climbing

Product Description:

One of the key features of this Electric Balance Scooter is its impressive climbing ability. With the ability to climb up to 15 degrees, this scooter is perfect for navigating hills and inclines. Whether you're going up a steep driveway or crossing a bridge, this scooter will get you there with ease.

Another great feature of this Electric Self Balancing Scooter is its battery capacity. With a 24V/2Ah battery, this scooter has enough power to take you up to 12 km on a single charge. Whether you're commuting to work or school, or just going out for a leisurely ride, this scooter is the perfect choice for you.

The Teenager Electric Balance Scooter comes in three different colors: pink, orange, and blue. Choose the color that best suits your style and personality, and ride in style wherever you go. Whether you're cruising down the street or navigating through busy city traffic, this scooter is sure to turn heads.

With a maximum speed of 12 km/h, this Balance E Scooter is perfect for getting around town quickly and efficiently. Whether you're running errands or just enjoying a leisurely ride, this scooter is sure to get you where you need to go in no time.

Overall, the Teenager Electric Balance Scooter is an excellent choice for anyone looking for an efficient and eco-friendly mode of transportation. With its impressive climbing ability, long battery life, and stylish design, this Electric Self Balancing Scooter is sure to provide you with a smooth and comfortable ride wherever you go.

Technical Parameters:

Product Name:	Smart Balance Electric Self Balancing Scooter
Maximum Speed:	12 Km/h
Range:	10-12 Km
Motor Power:	150W*2
Climbing Ability:	15 Degree
Color:	Pink/Orange/Blue
