Product Description

YCD-2033 Blue 20 Inch*4.0 Fat Tire Electric Bike with Disc Brakes 48V1000W Motor and 48V 15AH Battery

Product Description:

One of the key features of this Fat Tire Electric Folding Bike is its powerful motor. The 48V1000W+1000W motor provides plenty of power to tackle even the steepest hills and the fastest speeds. With a top speed of 50KM/H, you'll be able to get where you need to go quickly and efficiently.

In addition to its powerful motor, the Fat Tire Electric Bike is also designed for convenience and ease of use. With its folding design, this bike can be easily stored and transported, making it perfect for commuters who need to take their bike on public transportation or store it in a small apartment.

Another great feature of this Electric Bike is its fast charging time. With a charging time of just 9-10 hours, you'll be able to quickly recharge your bike and get back on the road. And with its disc brakes, you'll be able to stop quickly and safely, even at high speeds. Overall, the Fat Tire Electric Folding Bike is a versatile and powerful mode of transportation that is perfect for anyone who wants to enjoy the freedom and convenience of an electric bike. Whether you're commuting to work or exploring the great outdoors, this bike is sure to provide a fun and exciting ride.

Technical Parameters:

System:	SPEED Sensor

Applications:

With a powerful motor of 48V1000W+1000W, the YCD-2033 can reach a top speed of 50KM/H. This makes it ideal for commuting to work or school, or for exploring the outdoors on your weekend adventures.

The YCD-2033 is made with an Aluminum Alloy frame, which is both lightweight and durable. This makes it easy to carry and transport, and also ensures that it can handle rough terrain without breaking down.

One of the best features of the YCD-2033 is its Disc Brakes, which provide reliable and powerful stopping power. This makes it easy to stop quickly and safely, even when riding at high speeds.

The YCD-2033 is perfect for a wide range of occasions and scenarios. If you're looking for an Electric City Bike, this model is perfect for getting around town quickly and easily. It's also great for commuting to work or school, as it can be folded up and stored easily when not in use.

If you're an outdoor enthusiast, the YCD-2033 is perfect for exploring off-road trails and getting out into nature. Its fat tires provide excellent traction and stability, while its powerful motor ensures that you can tackle even the steepest hills with ease.

The YCD-2033 is made in China and has a Minimum Order Quantity of 10 pcs. Its Packaging Details are 150*30*83CM, and its Delivery Time is 40-50 Days. With a Charging Time of 9-10 H, you'll be back on the road in no time.

Overall, the YCD-2033 is a versatile and reliable Folding Fat Tire Electric Bike that is perfect for all kinds of riders. Whether you're looking for an Electric City Bike or an Electric Bike for off-road adventures, this model has everything you need to enjoy the ride.
