## Product Description

### KDF-GO CITY 1000 Lithium Ion 48V 250W City Ebike with 25 Km/h Max Speed Front Suspension and 60

#### Product Description:

The City Ebike is a Type: Electric Bike with Pedal Assist Levels: 5 Levels, which makes it easy to ride and gives the rider more control over the speed and power of the bike. The Pedal Assist feature of the City Ebike allows the rider to easily switch between electric power and human power, making it a versatile and convenient bike for commuting or running errands around town.

With a Charging Time of 6-7H, the City Ebike is easy to charge at home or at the office, and can be fully charged overnight for a fresh start in the morning. The Lithium-ion battery of the City Ebike is long-lasting and reliable, ensuring that the bike will be ready to go whenever you need it.

The City Ebike is the perfect Downtown Pedal Assist Cycle, with its sleek design and easy-to-use features. Whether you're commuting to work, running errands, or just cruising around town, the City Ebike is a comfortable and efficient way to get around. Its 5 Pedal Assist Levels make it easy to adjust the speed and power of the bike to your liking, while the electric motor provides an extra boost when you need it most.

Overall, the City Ebike is a reliable and convenient mode of transportation for anyone who needs to get around the city quickly and easily. With its Lithium-ion battery, Pedal Assist Levels, and easy-to-use features, the City Ebike is the perfect choice for anyone who wants a Downtown Pedal Assist Cycle that is both reliable and convenient.
