## Product Description

### Product Description:

But comfort isn't just in the ride. The VELO Comfortable Saddle ensures that even on long rides, you won't feel fatigued or sore. And with a Max Speed of 25 Km/h, you'll be able to keep up with traffic without breaking a sweat.

And when it comes to power, the City Ebike delivers. Its 48V 13Ah battery capacity provides plenty of juice for long rides, so you won't have to worry about running out of power halfway through your trip. Plus, the electric motor makes it easy to tackle hills and inclines, so you can get where you need to go without breaking a sweat.

Whether you're commuting to work or exploring the city on the weekends, the City Ebike is the perfect Urban Motorized Bicycle for all your needs. So why wait? Order yours today and experience the ultimate in urban transportation.

### Applications:

The KDF-GO CITY 800 is equipped with a powerful lithium-ion battery that provides a long-lasting charge, allowing you to travel up to 60 km on a single charge. With a charging time of only 6-7 hours, you can easily recharge the battery overnight and be ready to ride again in the morning. The bike also features large 700\*50C tires that offer a smooth and comfortable ride on a variety of surfaces.

This versatile electric bike is perfect for a wide range of product application occasions and scenarios. It is ideal for city commuters who want a quick and easy way to get around town, as well as for college students who need a reliable mode of transportation to and from campus. The KDF-GO CITY 800 is also great for running errands, as it can easily carry groceries, packages, and other items with its sturdy cargo rack.

Whether you're a busy professional, a student, or a casual rider, the KDF-GO CITY 800 is the perfect choice for your next urban adventure. With a minimum order quantity of just 10 pcs and a delivery time of 40-50 days, it's easy to get your hands on this stylish and practical electric bike. Order yours today and experience the freedom and convenience of a high-quality electric bike!
