### Product Specification

- Mode: Throttle+5 Electric Speed
- Color: Blue
- Battery: Lithium-ion
- Model: City Ebike
- Capacity: PAS 65+KM
- Motor: BAFANG M410
- System: TROQUE SENSOR /SHIMANO 8speed
- Frame Material: Aluminum Alloy
- Highlight: **throttle 5 electric speed city ebike, bafang m410 motor city ebike, 36v 15ah battery city ebike**

## Product Description

### Ahhabike-Travel Bikniks Blue City Ebike With Lithium Ion Battery PAS 65 KM Capacity Throttle 5 Electric Speed

#### Product Description:

The City Ebike boasts a top speed of 25 km/h, allowing you to easily keep up with traffic and arrive at your destination on time. Whether you're commuting to work or running errands around town, this suburban battery-powered cycle is the perfect solution for avoiding traffic and reducing your carbon footprint. With its throttle+5 electric speed mode, you can easily adjust your speed to match your needs and the terrain you're riding on.

In addition to its powerful motor and speed capabilities, the City Ebike is also designed for comfort and convenience. The bike features a comfortable seat and adjustable handlebars, allowing you to ride in a comfortable and upright position. The bike also comes equipped with a rear rack, allowing you to easily carry your belongings with you wherever you go.

Overall, the City Ebike is a top-of-the-line electric bike that offers power, performance, and convenience all in one package. Whether you're commuting to work or running errands around town, this bike is the perfect choice for anyone looking to reduce their carbon footprint and enjoy a more efficient and enjoyable ride. So why wait? Order your City Ebike today and start enjoying the benefits of electric biking!

#### Technical Parameters:

Capacity	PAS 65+KM
Frame Material	Aluminum Alloy
Motor	BAFANG M410
Battery	Lithium-ion
Model	City Ebike
Color	Blue
Mode	Throttle+5 Electric Speed
Battery Capacity	36V 15Ah
Max Speed	25 Km/h
Light	LED

This table contains the technical parameters of the City Ebike, a Metropolis Powered Cycle, Town Electric Two-Wheeler, or Suburban Battery-Powered Cycle.

#### Applications:

The City Ebike is equipped with a TROQUE SENSOR / SHIMANO 8speed system that provides a seamless riding experience. The motor is powered by a 36V 15Ah battery capacity, which enables a maximum speed of 25 Km/h. The LED light ensures a safe ride even in low light conditions.

This Municipal Electric Scooter is perfect for daily commutes, running errands, and short trips around town. It is an excellent alternative to traditional gasoline-powered vehicles as it is more eco-friendly and cost-effective. The City Ebike model is designed to provide a comfortable and smooth ride, making it a perfect choice for daily commuters.

The City Ebike is ideal for various occasions and scenarios. It is perfect for college students who need a convenient and cost-effective mode of transportation to get to class. It is also great for city dwellers who don't want to deal with the hassle of parking and traffic. This Town Electric Two-Wheeler is also ideal for short-distance deliveries, as it is equipped with a spacious basket that can handle essential items. The City Ebike is also a great option for leisurely rides around town, allowing you to explore your surroundings while enjoying the outdoors.

#### Customization:

This Municipal Electric Scooter is made in China and features a durable Aluminum Alloy frame. The bike's system is powered by TROQUE SENSOR / SHIMANO 8speed and offers Throttle+5 Electric Speed modes. The available color for customization is Blue and the battery capacity is 36V 15Ah.

Minimum order quantity is 10 pcs and delivery time is approximately 40-50 days.

Upgrade your Urban Motorized Bicycle with our product customization services and get the most out of your Metropolis Powered Cycle.
