### Basic Information

- Place of Origin: China
- Brand Name: OBK
- Model Number: OBK-CB6500
- Minimum Order Quantity: 10pcs
- Price: Negotiation
- Delivery Time: 15-20Days
- Payment Terms: T/T

### Product Specification

- Size: 138\*22\*76cm
- Brake: Hydraulic Disc
- Stiffness: High
- Frame: Carbon
- Speed: SHIMANO 27-30
- Durability: High
- Weight: Lightweight
- Color: Black&Red
- Highlight: **shimano 30 speed carbon fiber bike ,  
high stiffness carbon fiber mountain bike**

## Product Description

### OBK-CB6500 Stiffness SHIMANO 27-30 Speed Carbon Fiber Mountain Bike Hydraulic Disc Brake Black/Red

#### Product Description:

The Carbon Fiber Bicycle features a lightweight carbon road bike frame that provides exceptional stiffness and durability. The carbon fiber material used in the frame is of the highest quality, ensuring that it can withstand even the most demanding cycling conditions. This bike is designed to perform well on any terrain, whether you're riding on pavement, dirt, or gravel.

The Carbon Fiber Bicycle is equipped with hydraulic disc brakes, which provide superior stopping power and control. With these brakes, you can confidently ride at high speeds knowing that you can stop quickly and safely. This feature makes the Carbon Fiber Bicycle an ideal choice for riders who want to take their cycling to the next level.

The Carbon Fiber Bicycle is also equipped with SHIMANO 27-30 speed gears, which provide smooth and precise shifting. These gears allow you to easily adjust your speed and cadence to match the terrain, making it easier to ride up hills and maintain speed on flat surfaces. Whether you're racing or just riding for fun, the SHIMANO gears on this bike will help you achieve your goals.

One of the standout features of the Carbon Fiber Bicycle is its lightweight design. The carbon fiber frame and components make this bike incredibly light, which means you can ride faster and with less effort. This feature is especially useful for competitive riders who need to conserve energy and maintain speed over long distances.

The Carbon Fiber Bicycle also features high stiffness, which means it responds quickly to your movements and provides excellent handling. This bike is designed to be responsive and agile, making it easy to navigate through tight turns and narrow paths. Whether you're riding on a road or a trail, the Carbon Fiber Bicycle will provide a smooth and comfortable ride.

In addition to its high-quality components, the Carbon Fiber Bicycle is also available in several different models, including the Carbon Gravel Road Bike and the Carbon Fiber Full Suspension Mountain Bike. These bikes are designed for specific types of riding and feature customized components that are tailored to each type of terrain. Whether you're looking for a bike to ride on the road, dirt, or mountains, the Carbon Fiber Bicycle has a model that will meet your needs.

In conclusion, the Carbon Fiber Bicycle is a top-of-the-line bike that is built with premium materials and designed to provide the ultimate riding experience. With its lightweight carbon fiber frame, hydraulic disc brakes, SHIMANO gears, and high stiffness, this bike is perfect for riders who want to take their cycling game to the next level. If you're looking for a bike that is fast, responsive, and comfortable, the Carbon Fiber Bicycle is the perfect choice.

#### Technical Parameters:

Weight	Lightweight
Color	Black&Red
Size	138*22*76cm
Tire	27.5*2.1
