Product Description

OBK-S7-MAG Steel Frame Disc Brake Mountain Bike With Comfort Seat Shimano 21-27 Speed And Alloy Pedal For Ultimate

Product Description:

The bike is equipped with 27.5*1.95 tires that provide excellent traction and stability, ensuring that you can ride with confidence on any surface. Whether you are tackling steep hills or navigating through rough terrains, our mountain bike's tires will give you a comfortable and smooth ride.

The seat type is comfort, which means that you won't have to worry about discomfort or pain when riding for an extended period. The seat is designed to provide excellent support and comfort, allowing you to focus on your biking experience.

Our mountain bike is recommended for mountain biking enthusiasts who want to experience the thrill of off-road cycling. Whether you are a professional mountain biker or a beginner, our bike is designed to meet your biking needs.

The bike comes with Shimano 21-27 speed, which provides a wide range of gears to choose from. This allows you to easily shift gears to match your preferred riding speed and terrain. You can easily accelerate on flat terrain or shift to lower gears when climbing steep hills.

The bike is available in a stunning red and black color, which adds a touch of style to your biking experience. The combination of these colors gives the bike a sleek and modern look, making it stand out from the crowd.

If you are looking for an Electric Mountain Bike Conversion Kit, our mountain bike is a great option. The sturdy construction and high-quality components make it easy to convert into an electric bike. With the addition of an Electric Folding Mountain Bike, you can easily transport it to any location, making it perfect for outdoor adventures.

In conclusion, our mountain bike is an excellent choice for anyone looking for a high-quality bike that can provide the best performance on any terrain. Whether you are a professional mountain biker or a beginner, our bike is designed to meet your biking needs. With its durable construction, high-quality components, and stylish design, our mountain bike is the perfect companion for your off-road adventures.

Technical Parameters:

Frame	Steel

Pedal	Alloy

Applications:

The OBK-S7 comes in a sleek red and black colorway, and is equipped with a disc brake for maximum stopping power. The seat type is comfort, making it ideal for longer rides on rough terrain. The pedals are made of alloy, which provides durability and strength.

This electric mountain bike is recommended for mountain biking, as it is designed to handle rugged trails and steep inclines. The electric motor provides an extra boost of power, making it easier to climb hills and navigate difficult terrain. The folding feature makes it easy to transport and store, making it a great option for those with limited storage space.

The OBK-S7 is perfect for a variety of occasions and scenarios. It's great for weekend warriors who want to explore off-road trails, or for commuters who need a reliable mode of transportation that can handle different types of terrain. The electric motor makes it easier to commute to work or run errands, without breaking a sweat.

For those who enjoy camping or outdoor adventures, the OBK-S7 is a great choice. Its folding feature makes it easy to pack and transport to remote locations, and the electric motor provides an extra boost of power for exploring rugged terrain. It's also a great way to explore national parks or other scenic locations without having to rely on a car or other modes of transportation.

Overall, the OBK-S7 electric folding mountain bike is a versatile and reliable option for anyone who enjoys mountain biking or exploring off-road trails. Its durable construction, powerful motor, and comfortable seat make it a great choice for a variety of occasions and scenarios.

Customization:

Looking for a customized mountain bike? Look no further than OBK-S7 from OBK! Made in China, this high-quality mountain bike is built with your needs in mind. With a comfortable seat type, Shimano 21-27 speed, and disc brake, you'll be able to ride in comfort and with ease. The pedals are made of alloy, ensuring a durable and reliable ride.

With a minimum order quantity of 10 pcs and a delivery time of 40-50 days, you can be sure that you'll be getting a personalized bike that is made just for you. Whether you're interested in an electric mountain bike conversion kit, an electric folding mountain bike, or a folding electric mountain bike, we've got you covered. And with a stylish red and black color scheme, you'll look great on your new bike, too!
