Product Description

CL-2N04-2 45km Range 4 Wheel Mobility Scooter with 1000W Motor Power 1110mm Wheel Base and 8h Charging Time

Product Description:

With a powerful 1000W motor, this electric mobility scooter can easily reach a maximum speed of 25km/h, making it an excellent choice for those who want to get around quickly and efficiently. The scooter's 4-wheel design ensures stability and safety, providing a smooth and comfortable ride even on uneven terrain.

Despite its powerful motor and sturdy construction, this electric mobility scooter is surprisingly lightweight, with a net weight of just 127kgs. This makes it easy to maneuver and transport, even for those who may have difficulty lifting heavy objects.

Whether you're running errands, commuting to work, or just enjoying a leisurely ride, the 4 Wheel Electric Mobility Scooter is the perfect choice. With its impressive speed and comfortable design, you'll be able to get where you need to go quickly and easily, without sacrificing safety or comfort.

Max Speed	25km/h
Net Weight	127kgs
Wheel Base	1110mm
Battery	12V*5cells 20Ah
Certificate	EEC
Color	Red
Motor Power	1000W
Vehicle Size	1770*660*1200mm
Controller	60V
Range	45km

Applications:

One of the primary applications of the CL-2N04-2 is for individuals who require assistance with mobility due to age or physical limitations. This 4 wheel mobility scooter provides a safe and comfortable way to travel both indoors and outdoors, and is ideal for use in retirement communities, nursing homes, and other care facilities. With its powerful 1000W motor, this 4 wheel electric scooter is capable of reaching speeds of up to 25km/h, allowing users to cover greater distances without experiencing fatigue or discomfort.

The CL-2N04-2 is also an excellent choice for individuals who enjoy outdoor activities and want to maintain an active lifestyle. This 4 wheel fitness scooter is perfect for use on trails, sidewalks, and other paved surfaces, and can help users stay engaged in physical activity and maintain their overall health and well-being. The front disc and rear drum brakes provide added safety and control, while the 60V controller ensures smooth and efficient operation.

Businesses and organizations that require reliable and efficient transportation for their employees or clients will also appreciate the CL-2N04-2. This 4 wheel electric scooter is perfect for use in warehouses, factories, and other industrial settings, and can help individuals move quickly and efficiently between different locations. With a minimum order quantity of just 10 pcs and a delivery time of 40-50 days, the CL-2N04-2 is a cost-effective and practical solution for businesses of all sizes.

Finally, the CL-2N04-2 is perfect for individuals who simply want a fun and easy way to get around town. This 4 wheel electric scooter is easy to operate and maintain, and is perfect for use in urban settings where parking and traffic can be a challenge. With its Fr.:3.0-8 and Rr.:3.0-10 tyres, the CL-2N04-2 can handle a variety of different terrains and surfaces, making it a versatile and flexible transportation option.

Overall, the CL-2N04-2 is a versatile and reliable 4 wheel mobility scooter that is perfect for a wide range of occasions and scenarios. Whether you need assistance with mobility, want to maintain an active lifestyle, or simply need a convenient way to get around town, this 4 wheel electric scooter is the perfect choice.
