## Product Description

### BSE-PH12B Lightweight 103KG Off road Motorcycle with PE28 Carburetor and 520-13/45 Gear Ratio

#### Product Description:

The Off-Road Motorcycle features a fat steel handlebar that provides maximum grip and control, allowing you to navigate through rough terrain with ease. The engine is a ZS CB 250, air-cooled, 5-gear, 12kw/ 7500rpm, kick & E start that delivers exceptional power and performance, ensuring a smooth ride even on the toughest terrain.

The steel frame of this motorcycle provides maximum durability and stability, ensuring that it can withstand the toughest off-road challenges. With a seat height of 880mm, this motorcycle is designed to provide maximum comfort and control, allowing you to ride for long periods without fatigue.

The Off-Road Motorcycle is also equipped with a PE28 carburetor that delivers optimal fuel efficiency, ensuring that you can ride for long distances without the need for frequent refueling stops.

Our Off-Road Motorcycle is perfect for those who love off-road adventures and want a powerful and reliable motorcycle that can handle any terrain. Whether you're navigating through rocky terrain, steep hills, or muddy roads, this motorcycle is built to tackle any challenge with ease.

So if you're looking for an off-highway motorcycle that can handle any terrain, look no further than our Off-Road Motorcycle. With its powerful engine, sturdy frame, and exceptional performance, this all-terrain motorcycle is the perfect choice for any off-road adventure.

#### Technical Parameters:

Product Attribute	Value
Wheel	Alloy Rim, size: 1.6-21/2.15-18
Tire	Front: 80/100-21, Rear: 110/90-18
Wheel Base	1330mm
Handlebar	Fat Steel
Weight	103KG
Carburetor	PE28
Swing Arm	Steel
Triple Clamp	Forged Alloy
Suspension	Up-side-down Fork, 51/54-810mm, Non-adjustable, Rear Shock: 335mm Non-adjustable
Gear Ratio	520-13/45
Clearance	330mm

This technical parameters table is for Scrambler Motorcycle, Enduro Bike, and Dual Sport Motorcycle.

#### Applications:

The up-side-down fork suspension with a length of 51/54-810mm is non-adjustable and provides a smooth ride even on the most rugged terrains. The rear shock suspension with a length of 335mm is also non-adjustable, which means that it can withstand any bumps and jumps on the road. With a seat height of 880mm, riders can easily adjust their posture and handle their bike with ease.

The BSE-PH12B Off Road Motorcycle is also lightweight, weighing only 103KG. This makes it easy to handle, maneuver, and transport.

Whether you're an amateur or a professional rider, this product is perfect for you.

With a minimum order quantity of 10 pcs and a delivery time of 40-50 days, customers can rest assured that they will receive their products on time. The BSE brand is known for its quality and reliability, and this product is no exception.

The BSE-PH12B Off Road Motorcycle is perfect for anyone who loves to explore the great outdoors. Whether you're racing through the woods or cruising over rocky terrain, this dirt bike is up to the task. From weekend warriors to professional riders, this product is a great choice for anyone who loves the thrill of off-roading.

#### Customization:

Made in China, the BSE-PH12B has a swing arm made of steel and a triple clamp made of forged alloy. The carburetor is a PE28 and the suspension includes an up-side-down fork with a length of 51/54-810mm and is non-adjustable. The rear shock is 335mm and also non-adjustable. The powerful engine is a ZS CB 250, air cooled, with 5 gears and a kick & e-start. It has a maximum power of 12kw at 7500rpm.

Our minimum order quantity is 10 pcs and delivery time is between 40-50 days. Contact us to customize your BSE-PH12B off-road motorcycle to your liking.
