- Seatheight: 860mm
- Clearance: 300mm
- Highlight: **6.5L Fuel off road dirt bike, ce certified cross country motorcycle, off road dirt bike ce certified**

## Product Description

### BSE-PH12A Forged Alloy Triple Clamp Steel Frame Off Road Motorcycle With Upside Down Fork And 6.5L Fuel Tank

#### Product Description:

One of the standout features of this Cross-country Motorcycle is its sturdy swing arm made of high-quality steel. This gives the bike unparalleled strength and resilience, allowing it to withstand even the toughest of off-road conditions. The swing arm also contributes to the bike's overall stability and control, making it a pleasure to ride in any setting.

The Off Road Motorcycle is powered by an impressive MOJO CB 150 engine that is air-cooled to keep the bike running smoothly and efficiently. The engine is equipped with a 5-gear transmission system that allows for seamless shifting between gears, ensuring a smooth and comfortable ride. The engine produces an impressive 7.5kw of power at 8500rpm and can be started with either an electric or kick starter, providing added convenience and versatility.

The bike's seat height of 860mm and wheelbase of 1280mm make it ideal for riders of all sizes and skill levels. Whether you are a seasoned rider or just starting out, this Scrambler Motorcycle will provide you with a comfortable and enjoyable riding experience. The bike's gear ratio of 520-13/43 also ensures that you can easily navigate any terrain, whether you are climbing hills or cruising down the highway.

In conclusion, the Off Road Motorcycle is a top-of-the-line Dual Sport Motorcycle that offers exceptional performance, durability, and style. Whether you are an experienced rider or just starting out, this Cross-country Motorcycle will provide you with the ultimate off-road adventure. So why wait? Get your hands on this Scrambler Motorcycle today and experience the thrill of the ride!
