Product Description

CNC Machined Cr Mo Road Cycling Pedals , Black Platform Pedals

Product Description:

The Bike Pedal comes with cleats of the MT10 variety, ensuring a secure grip between your bike foot lever and the pedal. Whether you're a seasoned cyclist or just starting your cycling journey, these pedals are sure to provide the stability and control you need on the road. These platform pedals are designed to fit any bike type, making them a versatile and essential accessory for any cycling enthusiast. The pedals are easy to install and come in a package containing 2 pedals, one for the left and one for the right bike treadle. Not only do the Bike Pedals provide a comfortable and secure grip for your cycling footrest, but they also come with a durable and long-lasting design. This ensures that you can enjoy your cycling experience without worrying about the wear and tear of your pedals. The Bike Pedals are an excellent investment for any cyclist looking to enhance their cycling experience. Whether you're cycling for leisure or training for a competition, these pedals are sure to provide the stability and control you need to reach your goals.
