Product Description

XJ-Cargo TR03 Alloy Frame Cargo E Bike With SHIMANO TOURNEY 7 Speed Gear Set And 60km Distance Range

Product Description:

One of the most notable features of the Electric Cargo Bicycle is its impressive range. With a distance of 60km, this Electric Cargo Bicycle is ideal for those who need to travel long distances without worrying about running out of battery power. The Electric Cargo Bicycle is equipped with an Alloy Cranks and Steel Chainring 42Tx170mm, which allows for smooth and effortless pedaling even when carrying heavy loads.

The frame of the Electric Cargo Bicycle is made of Alloy, which makes it lightweight yet durable. This material ensures that the Electric Cargo Bicycle can withstand the wear and tear of daily use without compromising on performance. The Electric Cargo Bicycle is designed with the rider's comfort in mind and comes with features such as a comfortable saddle and handlebars that are easy to grip.

Overall, the Electric Cargo Bicycle is an excellent investment for anyone who needs a reliable and practical mode of transportation. Whether you're making deliveries, running errands, or simply commuting to work, the Electric Cargo Bicycle is the perfect solution. With its impressive range, sturdy construction, and comfortable design, the Electric Cargo Bicycle is sure to become your go-to mode of transportation for years to come.

Applications:

1. Delivery services: The XJ-Cargo TR03 is perfect for delivery services. With a maximum speed of 32KM/H, you can quickly and efficiently transport goods from one place to another. The cargo box truck is also equipped with F/R mechanical disc brakes, TEKTRO, with electric brake levers, ensuring your safety while on the road.
2. Industrial transportation: The XJ-Cargo TR03 is designed to handle heavy loads and is perfect for industrial transportation. The alloy frame and steel, TIG welded fork make this cargo electric bike durable and long-lasting. The brushless 36V/250W middle motor ensures that you can easily transport heavy goods with ease.
3. Urban commuting: The XJ-Cargo TR03 is also perfect for urban commuting. The cargo box truck is equipped with a spacious cargo area, allowing you to transport goods with ease. The electric motor makes it easy to navigate through traffic, and the F/R mechanical disc brakes ensure that you can stop quickly and safely.

With a minimum order quantity of 10 pcs and a delivery time of 40-50 days, the XJ-Cargo TR03 is an excellent investment for businesses looking to improve their transportation capabilities. Whether you're looking for a heavy-duty cargo truck for industrial transportation or a cargo electric bike for urban commuting, the XJ-Cargo TR03 is the perfect solution.

Customization:

The XJ-Cargo TR03 Electric Cargo Bicycle is built with an alloy frame and weighs 33.8kg. It is equipped with a brushless 36V/250W Middle Motor and a steel, TIG welded fork. The brake set is F/R Mechanical Disc Brakes, TEKTRO, with Electric brake Levers. XJ offers customization services for Cargo Box Truck that is built to meet your specific requirements. Our team of experts will work closely with you to ensure that the final product meets all your needs and requirements.
