XJ-Quick Delivery II-1

Product Description

Steel Frame Cargo EBike with 50km Distance SHIMANO NEXUS 3 Speed Gear Set Max Speed 25KM/H

Product Description:

The Cargo EBike has a dimension of 161x28x89cm, providing ample space for carrying bulky items. Its sturdy frame can handle a maximum weight of up to 150kg, making it an ideal choice for commercial use.

The Cargo Electric Bike can reach a maximum speed of 25KM/H, allowing you to quickly and efficiently transport your goods. Its brushless 36V/250W front hub motor provides reliable power and excellent performance.

The Cargo EBike comes in a vibrant yellow color, which is perfect for standing out in traffic and making sure that you are visible to other road users. Alternatively, you can order the bike in a color of your choice.

Overall, the Electric Cargo Bicycle is a versatile and practical solution for businesses and individuals who need to transport goods. Its compact size, impressive carrying capacity, and reliable performance make it a top choice for anyone looking for a reliable cargo bike.

Technical Parameters:

Applications:

One of the main benefits of the XJ-Quick Delivery II is its Brake Set, which features F/R Alloy Roller Brakes and SHIMANO Electric Brake Levers. This ensures that the Cargo Electric Bike stops quickly and safely, even when carrying a heavy load. The Tire Size of 24/26 provides stability and ensures that the Cargo Box Truck can be easily maneuvered, even in tight spaces.

The Gear Set of the XJ-Quick Delivery II is a SHIMANO NEXUS 3 Speed, which makes it easy to get up hills and travel long distances. The Cargo Electric Bike has a maximum Distance of 50km on a single charge, which makes it perfect for short to medium-distance deliveries.

The XJ-Quick Delivery II is suitable for a range of Product Application Occasions and Scenarios. It can be used for food delivery, courier services, and small-scale logistics. The Cargo Electric Bike is also ideal for delivering small packages and documents, making it a great choice for businesses that need to make frequent deliveries.

With a Minimum Order Quantity of 10 pcs and a Delivery Time of 40-50 Days, the XJ-Quick Delivery II is a great investment for businesses looking to improve their logistics operations. The Cargo Electric Bike is easy to maintain and comes with a range of features that make it a reliable and efficient choice for any business.
