## Product Description

### 48V 600W 9 Inch Tire Air Tire Black High Power Rear Drum Brake City Electric Ride

#### Product Description:

Introducing the OS-T9, a scooter engineered to elevate your riding experience with unmatched performance and style. Choose between the 48V 10.4Ah or 48V 13Ah battery options to suit your journey length. With a top speed of 40km/h and a range of up to 45km per charge, the OS-T9 is perfect for both daily commutes and longer trips. Designed for a smooth ride, the OS-T9 features 9-inch air tires and a robust front and rear suspension system. The scooter's braking system offers optional front disc brakes and a rear drum brake, ensuring reliable stopping power and enhanced safety. Illuminate your path with integrated front and rear lights while benefiting from the scooter's impressive load capacity of 120kg and lightweight design of 18-20kg. Equipped with a powerful 48V 600W motor (or an optional 52V 600W motor) and a 48V 23A controller, the OS-T9 delivers exceptional power and efficiency. Packaged in a compact 112×27×41.5cm box, the OS-T9 is available in bulk quantities—210 pcs per 20" GP, 360 pcs per 40" GP, and 510 pcs per 40" HQ. Experience the OS-T9 and transform your ride today.

Max Load	120kg

#### Applications:

Revamp your daily travels and leisure outings with the Ultra Compact Electric Scooter, engineered for both efficiency and excitement. Boasting 9-inch air tires and an advanced suspension system with front spring and rear shock absorbers, this scooter glides smoothly over various surfaces, providing a plush ride whether you're commuting through the city or enjoying a scenic park.

Feel the rush of performance with the Ultra Compact Electric Scooter's powerful 48V 600W or 52V 600W motor. With battery options of 48V 10.4Ah or 13Ah, this scooter can achieve speeds up to 40km/h, while also offering a gentle 25km/h option for more relaxed cruising. Its impressive range of 45km per charge ensures you can handle longer journeys or daily errands with ease.

Designed with both aesthetics and practicality in mind, the Ultra Compact Electric Scooter features front and rear lights for added safety and visibility. With a sturdy frame that supports up to 120kg and a lightweight build of just 18-20kg, it's as functional as it is stylish. The compact dimensions (112×27×41.5cm) make it a breeze to store and transport, perfect for urban environments and tight spaces.

Ideal for both individual users and businesses, the Ultra Compact Electric Scooter offers exceptional value. With high container loading capacities—210 pcs/20" GP, 360 pcs/40" GP, and 510 pcs/40" HQ—it's a practical choice for retailers looking to meet customer demand. Its blend of cutting-edge features and sleek design makes it an excellent investment for anyone looking to enhance their transportation experience. Step into the future of personal mobility with the Ultra Compact Electric Scooter today!
