## Product Description

### Superwide 8 Inch Tires High Speed 2 Motor Power Adults Outdoors E-Scooter

#### Product Description:

Experience top-notch performance with the X8-DDM, featuring advanced dual disc brakes for quick, secure stops and enhanced control at high speeds. With a top speed of 55km/h and a range of 65-75km per charge, it ensures an exhilarating and efficient ride. Choose between the 52V 18.2Ah or 52V 26Ah LG battery for longer journeys.

Illuminate your path with integrated front and rear lights, perfect for early morning or late-night rides. The 8-inch superwide solid tires combined with front and rear spring suspension provide a smooth and comfortable experience, regardless of the terrain.

Designed for both durability and convenience, the Scoot supports a maximum loading capacity of 120kg while maintaining a weight of 34-37kg. With a powerful 2×800W motor and 52V 2×20A controller, this scooter is built for performance and reliability, making it the ideal choice for daily commutes and adventures alike.

| LED Lights        | Front and Rear   |
| Charging Time     | 2-3 Hours        |
| Range             | 30-45 KM         |
| Wheel Size        | 8 Inches         |
| Weight            | 10kg             |
| Max Load          | 120kg            |

#### Applications:

The Fitness Scooter is your ultimate companion for an active and enjoyable lifestyle. Designed to offer a dynamic way to exercise, it features 8-inch wheels that provide a smooth ride over various terrains, making it ideal for burning calories and enhancing cardiovascular health. With a maximum speed of 40km/h, this scooter delivers a swift and efficient travel experience.

For those who thrive on athleticism, the Sport Scooter stands out with its lightweight yet durable construction. This design ensures easy maneuverability and precise control, perfect for performing impressive tricks and stunts. The 8-inch wheels provide exceptional stability, supporting jumps and complex movements with ease. The scooter's top speed of 25km/h facilitates rapid travel and flawless execution of athletic maneuvers.

Versatile and practical, the Scooter excels in numerous settings. It is an excellent choice for daily commutes to school or work, and it's equally suited for leisure activities like park visits or social gatherings. Its quiet, electric operation ensures a peaceful ride, while its eco-friendly design aligns with sustainable living principles.

In summary, the Scooter is a top-tier investment for those who want to blend fun with fitness. Its robust construction, sleek design, and advanced electric features make it a versatile solution for transportation and active pursuits. Embrace the perfect balance of performance and enjoyment with the Scooter today.
