Applications:

Meet the SG-ZB City Electric Bike, a powerful and stylish solution for modern urban commuting. Designed with a blend of robust performance and superior comfort, the SG-ZB is your go-to choice for navigating city streets with ease and efficiency.

Customization:

At SG-XJH, we provide customization services to ensure your electric motorcycle meets all your requirements. Our model features an 800W/1000W motor and a 60V/20AH lead-acid battery, offering robust performance. Equipped with front disc and rear drum brakes, LED lights, and a hydraulic front fork, it guarantees safety and comfort. With a maximum load of 180KG, speeds up to 42KM/H, and a range of 40-60KM per charge, it's designed for adventure. Minimum order quantity is 10 units, with packaging dimensions of 150*26*75cm and a delivery time of 40-50 days. Choose SG-XJH for your ultimate ride!

Boasting a 60V 1500W motor, the SG-ZB offers impressive acceleration and smooth performance, making it perfect for both bustling city traffic and open roads. The 60V 20AH lead-acid battery ensures a range of 60-80 kilometers on a single charge, so you can confidently tackle longer trips or multiple errands in one go. With a charging time of just 6-8 hours, you'll be ready for your next ride in no time.

The SG-ZB features a hydraulic front fork that expertly absorbs shocks and bumps, providing a smooth and comfortable ride even on uneven surfaces. The 3.0-10 inch tires enhance stability and grip, ensuring a secure and pleasant riding experience. The combination of front disc and rear drum brakes offers reliable stopping power, giving you confidence and control in various riding conditions.

With an overall dimension of 1800 x 700 x 1060 mm, the SG-ZB offers ample space and a sturdy build. Its impressive maximum load capacity of 250 kg means it can easily accommodate both passengers and cargo, making it a versatile choice for various needs. Whether you're carrying groceries, personal items, or an extra passenger, this bike handles it all with ease. Equipped with a 60V 12-tube controller, the SG-ZB ensures precise and responsive handling. The LED lighting system not only enhances visibility and safety during night rides but also adds a touch of contemporary style. The sleek design and powerful performance make the SG-ZB a standout choice for those who demand both functionality and flair.

From daily commutes to weekend excursions, the SG-ZB is designed to handle diverse urban environments. Its powerful motor, extensive range, and comfortable features make it the perfect companion for navigating city streets, running errands, or simply enjoying a leisurely ride.

The SG-ZB City Electric Bike is the epitome of power, comfort, and style. With its robust motor, long-range battery, and thoughtful design, it offers an exceptional riding experience for anyone looking to enhance their urban mobility. Embrace the future of city commuting with the SG-ZB and enjoy every journey with confidence and ease.
