## Product Description

### Sliver 16 Inch 6061 Allou 20\*1.95 Kenda Tire 36V 250W Motor Power Urban Folding Ebike

#### Product Description:

Introducing the NC-CAMO-C1 Electric Folding Bike, where compact design meets powerful performance. Featuring a 16-inch 6061 Aluminum Alloy frame, this bike is engineered for urban commuting with a focus on lightweight durability. The robust aluminum alloy frame offers the perfect blend of strength and portability, making it an ideal choice for city riders and occasional fold-and-go storage.

Outfitted with a 160mm G3 disc brake system, the NC-CAMO-C1 ensures superior stopping power and safety. Whether you're navigating through bustling streets or cruising on smoother surfaces, this braking system delivers confident control and stability, keeping your ride secure in various conditions.

The NC-CAMO-C1 is designed with practicality in mind. With a folded size of just 850mm x 450mm x 700mm, it's easy to store in tight spaces or carry on public transport. When unfolded, the bike's dimensions are 1370mm x 595mm x 850mm, providing a comfortable riding posture without compromising on compactness.

Powered by an LG 36V battery, available in capacities from 5.2Ah to 10.5Ah, the NC-CAMO-C1 offers flexibility in range options. In Pedal Assist Mode (PAS), you can travel over 45 kilometers on a single charge, making it perfect for longer commutes or extended city adventures. With 250W or 350W motor options, this bike provides smooth power delivery suited to urban terrain and mild inclines.

Equipped with Kenda 20x1.95 tires, the NC-CAMO-C1 ensures excellent comfort and grip across various surfaces, enhancing your riding experience. The maximum speed of 25km/h aligns with city regulations while providing a lively, efficient ride. At just 16kg, this bike is light enough to handle effortlessly and fold for easy transport.

The Naici Sine Wave Controller optimizes the bike's performance, ensuring smooth and stable motor output. This advanced controller enhances overall riding comfort, making your journey through the city both enjoyable and reliable. The NC-CAMO-C1 Electric Folding Bike combines versatility with efficiency, offering a compact yet powerful solution for modern urban commuting. Whether you're navigating through city streets or storing it in a tight spot, this folding e-bike is designed to adapt to your dynamic lifestyle with ease and style.

Mileage	PAS > 45km
Max Speed	25km/h
Net Weight	16kg
Motor	250W/350W
Battery type	LG
Battery Capacity	36V 5.2Ah / 7Ah / 7.8Ah / 10.5Ah

#### Applications:

Introducing the NC-CAMO-C1 Electric Folding Bike – your ultimate solution for effortless urban commuting and versatile travel. Designed with a perfect balance of functionality and style, this bike is crafted to enhance your daily journeys with ease and convenience.

The 16-inch 6061 Al-Alloy frame is engineered for durability and portability. Made from premium 6061 aluminum alloy, this frame combines lightweight construction with robust strength, making it ideal for both city commuting and occasional folding. The compact size ensures that you can maneuver through crowded streets and store it effortlessly in tight spaces.

Equipped with Kenda 20\*1.95 tires, the NC-CAMO-C1 offers excellent comfort and grip on various surfaces. These 20-inch tires are designed to absorb shocks and provide stable handling, ensuring a smooth and enjoyable ride whether you're on city roads or light trails.

Safety is paramount with the 160mm G3 disc brakes. This advanced braking system delivers strong and responsive stopping power, giving you confidence to navigate through urban traffic and handle unexpected stops with ease.

With a folding size of 850mm x 450mm x 700mm, the NC-CAMO-C1 is exceptionally easy to store and transport. Its compact folded dimensions make it perfect for small apartments, offices, or carrying on public transit, ensuring that you can take your bike wherever your day takes you.

Enjoy extended rides with the bike's 45km range in Pedal Assist Mode (PAS). This feature is perfect for longer commutes or leisurely trips around the city, providing ample distance on a single charge to keep you moving without interruption.

The bike offers a choice between 250W and 350W motors, allowing you to select the power level that best suits your needs. Whether you're tackling city streets or light inclines, these motors provide reliable performance and smooth acceleration.

At just 16kg, the NC-CAMO-C1 is one of the lightest in its class. Its low weight makes folding and carrying a breeze, ensuring that you can easily manage it when storing or transporting.

The LG 36V battery comes in several capacity options, ranging from 5.2Ah to 10.5Ah, providing flexibility in how far you can travel on a single charge. This range of options allows you to choose the battery that best fits your commuting needs and lifestyle.

The bike features a Naici Sine Wave Controller, which ensures smooth and consistent power delivery from the motor.

This controller enhances your riding comfort by providing a steady and responsive ride, making each journey pleasant and efficient.

The NC-CAMO-C1 is designed for those who need a reliable and adaptable mode of transportation. Whether you're navigating through city traffic, running errands, or taking a leisurely ride, this electric folding bike offers a practical, eco-friendly solution that fits seamlessly into your daily life.

The NC-CAMO-C1 Electric Folding Bike redefines urban mobility with its combination of portability, performance, and practicality. Its compact design, versatile motor options, and impressive range make it an excellent choice for city commuters and occasional travelers alike. Experience the freedom of a bike that adapts to your lifestyle with the NC-CAMO-C1 – where convenience meets innovation.

### Customization:

The NC-CAMO-C1 features a 16-inch 6061 aluminum alloy frame for durability and lightweight folding. It's perfect for city commuting with Kenda 20x1.95 tires offering comfort and traction, and 160mm G3 disc brakes for reliable stopping power.

With unfolded dimensions of 1370mm x 595mm x 850mm and a compact folded size of 850mm x 450mm x 700mm, it's easy to store and carry. The bike is powered by a 250W or 350W motor, with battery options ranging from LG 36V 5.2Ah to 10.5Ah, offering a range of over 45 km in Pedal Assist mode.

Weighing only 16 kg and reaching speeds up to 25 km/h, it's ideal for city travel. The Naici sine wave controller ensures smooth riding.

Contact us today to customize your NC-CAMO-C1. Minimum order is 10 units, with a delivery time of 40-50 days.
