## Product Description

### Foldable Multiple Battery 250W 28km/H High Speed Black Road Electric Ride

#### Product Description:

Introducing the NC-NAVI-N4, a premium electric folding bike designed to elevate your commuting and travel experiences. With a 20-inch 6061 aluminum alloy frame, this bike combines durability with a lightweight structure, making it both robust and easy to carry.

The Kenda 20x2.3 tires provide exceptional comfort and grip, ensuring a smooth ride across various terrains. Whether navigating city streets or tackling rough paths, these tires enhance stability and performance.

Equipped with 160mm G3 disc brakes, the NC-NAVI-N4 delivers reliable stopping power for safe and confident rides.

The advanced braking system is ideal for high-speed travel and diverse riding conditions, offering enhanced safety and control.

When fully assembled, the NC-NAVI-N4 measures 1590mm x 600mm x 1150mm, offering ample space for a comfortable ride. When folded, it shrinks to a compact 900mm x 450mm x 800mm, making it easy to store and transport.

The bike boasts an impressive range of over 65 kilometers in Pedal Assist System (PAS) mode, powered by a choice of LG 36V 14Ah/48V 7Ah frame batteries or LG 36V 20Ah/48V 15Ah seat batteries. This flexibility allows you to select the battery that best meets your needs for longer rides or heavier usage.

The NC-NAVI-N4 features a motor with options ranging from 250W to 500W, allowing you to customize your power output based on your riding requirements. This range of motor options ensures that whether you need a gentle boost or more robust power, the NC-NAVI-N4 has you covered.

With a net weight of 23kg, the bike is designed to be sturdy yet manageable, balancing strength with portability. This makes it an excellent choice for those who need a reliable and flexible transportation solution.

In summary, the NC-NAVI-N4 electric folding bike stands out with its powerful motor options, long battery life, and compact foldable design. It's a perfect choice for commuters and adventurers alike, offering the right mix of performance, convenience, and style.

#### Applications:

Introducing the **NC-NAVI-N4 Electric Folding Bike**, the ultimate blend of functionality and convenience designed for the modern rider. Whether you're commuting through the city or exploring new terrains, the NC-NAVI-N4 offers exceptional performance and flexibility.

The **20-inch 6061 Aluminum Alloy frame** of the NC-NAVI-N4 combines strength and lightweight design. The 6061 aluminum alloy provides durability while keeping the bike light and easy to handle. Ideal for city commutes and occasional adventures, this frame ensures you have a sturdy companion for all your journeys. Equipped with **Kenda 20x2.3 tires**, this bike offers excellent grip and comfort across various surfaces. The wide 2.3-inch tires provide stability and a smooth ride, making it suitable for diverse terrains from city streets to uneven paths. The **160mm G3 Disc Brakes** ensure reliable stopping power and safety. Whether you're navigating through busy traffic or tackling steep inclines, these disc brakes offer strong performance and responsive control, enhancing your overall riding experience. With a full size of **1590mm x 600mm x 1150mm** and a compact folding size of **900mm x 450mm x 800mm**, the NC-NAVI-N4 is designed for practicality. It unfolds to provide ample space for a comfortable ride and folds down to a compact size for easy storage and transport. This makes it perfect for urban living and travel. The **Pedal Assist System (PAS)** on the NC-NAVI-N4 offers a remarkable range of over **65 kilometers** on a single charge. Whether you're commuting daily or embarking on a longer ride, this range ensures you have the power you need for extended trips. With a maximum speed of up to **28km/h**, this bike is well-suited for urban commuting and moderate-speed travel. It strikes a balance between performance and safety, making it ideal for city riding and longer journeys. Weighing **23kg**, the NC-NAVI-N4 is relatively light for an electric folding bike. This weight, combined with its folding capabilities, makes it easy to carry and store, whether you're using public transportation or need to stow it at home. The NC-NAVI-N4 offers flexible motor options with **250W, 350W, or 500W** power choices. You can select the motor that best suits your riding needs, from standard commuting to more demanding rides. The 500W motor provides extra power for challenging terrains and higher speeds. Choose from two robust battery configurations for the NC-NAVI-N4:

**Frame Battery:** Available in **LG 36V 14Ah** or **48V 7Ah**, offering reliable power for everyday use.

**Seat Battery:** Choose between **LG 36V 20Ah** or **48V 15Ah** for extended range and longer rides.

The **NC-NAVI-N4 Electric Folding Bike** delivers a versatile and practical solution for today's riders. With its durable frame, comfortable tires, reliable braking system, and impressive range, it's designed to meet a variety of riding needs.

Whether you're commuting, running errands, or exploring new paths, the NC-NAVI-N4 offers a smooth and enjoyable experience.

### Customization:

Originating from China, the NC-NAVI-N4 Electric Folding Bike combines convenience with high performance. Featuring a 20-inch 6061 aluminum alloy frame, this bike is both sturdy and lightweight, making it ideal for urban commuting and easy folding storage.

The NC-NAVI-N4 is equipped with Kenda 20x2.3 tires for excellent comfort and grip on various surfaces. The 160mm G3 disc brakes ensure reliable stopping power for safe rides.

With a range of over 65 km in Pedal Assist System (PAS) mode and a maximum speed of 28 km/h, it's perfect for both long rides and daily commutes. Choose from motor options of 250W, 350W, or 500W, and select from battery choices including a 36V 14Ah or 48V 7Ah frame battery, and a 36V 20Ah or 48V 15Ah seat battery.

Weighing 23 kg, the NC-NAVI-N4 offers a compact folding size of 900x450x800mm, making it easy to store and transport.

Our minimum order quantity is 10 units, with a delivery time of 40-50 days. Contact us today to customize your NC-NAVI-N4 Electric Folding Bike.
