Product Description

HLX-HLY 8888 24V Electric toy car with steering wheel and music function

Product Description:

Introducing the HLX-HLY-8888, the ultimate electric ride-on car designed to deliver exhilarating driving experiences for young adventurers. Perfect for children aged 8 to 12, this dynamic ride-on car combines power, safety, and interactive fun to create memorable playtime adventures.

At the heart of the HLX-HLY-8888 are dual 775 motors, each delivering an impressive 25,000 RPM for powerful and reliable performance. The car is equipped with dual 12V 7Ah batteries, providing a total of 24V to ensure extended playtime and consistent power throughout every adventure.

For added excitement, the HLX-HLY-8888 features a 24V drift function, allowing young drivers to experience thrilling spins and maneuvers with ease. The car includes selectable high and low-speed settings, complete with a slow start function to ensure safe and controlled driving for beginners and more experienced young drivers alike.

The HLX-HLY-8888 comes with a steering wheel that includes horn and music functions, offering interactive play and enhancing the driving experience. Available in a variety of vibrant colors including Red, White, Pink, Green, and Blue, this ride-on car is designed to appeal to every child's taste.

With a speed range of 6-13 km/h, the HLX-HLY-8888 provides adjustable driving speeds to suit different skill levels and preferences. It can accommodate up to 70 kg, making it suitable for children as well as any accessories they might bring along.

Built to meet safety standards ASTM F963, EN71-1-2-3, and EN62115, the HLX-HLY-8888 ensures a secure and enjoyable ride. Please note that a remote control is not included with this model.

The HLX-HLY-8888 is not just a ride-on car; it's a gateway to adventure and fun. Give your child the gift of excitement and exploration with this exceptional electric ride-on car—experience the HLX-HLY-8888 today.

Applications:

Introducing the HLX-HLY-8888, an electric mountain bike designed for children who crave adventure and excitement. This ride-on car combines powerful performance with engaging features to deliver an enjoyable and interactive experience.

The HLX-HLY-8888 is equipped with dual 775 motors, each running at 25,000 RPM, providing strong and reliable driving power. These motors ensure that the car can handle a variety of terrains and deliver a thrilling ride for young adventurers.

To support extended playtime, the car features dual 12V 7Ah batteries, providing a total of 24V. This battery setup ensures that children can enjoy longer sessions of driving without frequent interruptions for recharging.

One of the standout features of the HLX-HLY-8888 is its drift function. With 24V drift capability, this ride-on car offers added excitement and maneuverability, allowing children to experience the thrill of drifting while maintaining control.

The car comes with high and low speed settings, including a slow start function for safer and more controlled driving. This feature allows parents to adjust the speed to suit their child's skill level, ensuring a secure and enjoyable ride.

The steering wheel is equipped with horn and music functions, enhancing the interactive play experience. Children can enjoy engaging sounds and tunes as they navigate their adventures.

Available in a variety of colors, including Red, White, Pink, Green, and Blue, the HLX-HLY-8888 offers options to match every child's preference and style.

The car's dimensions and maximum load capacity ensure it can accommodate children and their accessories comfortably. While specific dimensions are to be inserted, the car is designed to be robust yet manageable for young drivers.

With a speed range of 6-13 km/h, the HLX-HLY-8888 provides adjustable driving speeds, making it suitable for different environments and skill levels.

The HLX-HLY-8888 meets various safety standards, including ASTM F963, EN71-1-2-3, and EN62115, ensuring that it adheres to rigorous safety regulations.

Please note that a remote control is not included with this model. The HLX-HLY-8888 is recommended for children aged 8-12 years, making it an ideal choice for young adventurers who are ready to explore and have fun.

The HLX-HLY-8888 electric mountain bike offers a dynamic and engaging ride for children, combining powerful performance with exciting features to create memorable play experiences.
