## Product Description

### Yellow baby Duck 6V 4.5Ah 2 battery 2.4G frequency remote control kids E-car

#### Product Description:

Introducing the HLX-SX178, a delightful electric ride-on car designed to spark the imagination of children aged 3 to 8. This mini car offers a perfect blend of fun, safety, and style, giving young drivers an exciting way to explore their world. Powered by dual 15W motors, the HLX-SX178 delivers smooth and steady performance, ensuring your child can enjoy their adventure in both high and low-speed modes. The car is equipped with a 6V 4.5Ah dual battery setup, providing ample power for extended playtime.

With its vibrant yellow color, the HLX-SX178 stands out as a cheerful and stylish ride. The car features a single seat, perfect for one young driver to comfortably cruise around. Designed to support a maximum load of 30 kg, this ride-on is sturdy enough for kids to bring along their favorite toys or accessories.

The HLX-SX178 is equipped with a 2.4G remote control, allowing parents to guide their child's journey from a distance, ensuring added safety and peace of mind. With high and low-speed settings, parents can adjust the car's speed to match their child's driving abilities.

Measuring 78cm x 58cm x 48cm, this compact car is the perfect size for indoor or outdoor use, giving your little one endless possibilities for fun-filled driving adventures.

The HLX-SX178 isn't just a ride-on car; it's a pathway to joy and excitement. Give your child the gift of exploration with this fantastic mini electric car—experience the HLX-SX178 today.

#### Applications:

Introducing the HLX-SX178, a children's electric ride-on car designed for young drivers who want to experience the thrill of driving in a fun and safe way. This mini car is perfect for kids aged 3 to 8, providing a combination of excitement, interactive features, and safety.

The HLX-SX178 comes equipped with dual 15W motors, offering reliable power to ensure smooth driving. This power setup is ideal for younger children, giving them a controlled and enjoyable ride across various surfaces.

Powered by a 6V 4.5Ah battery, the car is designed to provide ample playtime before needing a recharge. The battery capacity ensures that kids can enjoy their driving adventures for longer periods, making it perfect for both indoor and outdoor use.

Available in a bright and cheerful yellow color, the HLX-SX178 stands out and appeals to children's tastes. Its stylish design and fun features make it an attractive option for young drivers who want to cruise around in style.

The car's speed can be adjusted with high and low settings, offering flexibility for different driving environments and safety needs. Parents can select the appropriate speed to match their child's experience level, ensuring a safe and controlled ride.

With a single seat and a maximum load capacity of 30 kg, the HLX-SX178 is designed to accommodate one child comfortably. The car's dimensions of 78cm x 58cm x 48cm make it compact yet spacious enough for an enjoyable driving experience.

For added convenience and safety, the HLX-SX178 includes a 2.4G remote control, allowing parents to take control when necessary. This feature is especially useful for younger children who may need guidance during their driving adventures.

The HLX-SX178 electric ride-on car is a fantastic option for kids who want to experience the joy of driving, offering a fun, interactive, and safe experience. With its reliable performance, adjustable speed, and parental control features, it's the perfect mini car for young adventurers.

#### Customization:

Here is the HLX-SX178 Children's Electric Ride-On Car, designed for kids aged 3-8 years. This mini car features dual 15W motors for smooth driving and is powered by two 6V 4.5Ah batteries, providing reliable performance for hours of fun. The car comes in a vibrant yellow color and can support a maximum load of 30 kg.

It offers high and low-speed settings for adjustable driving experiences and is equipped with a 2.4G remote control for parental guidance. The car has one seat, making it perfect for solo adventures, and its compact design ensures easy storage with dimensions of 78cm x 58cm x 48cm.
