Product Description

12V 7Ah Battery Removable Box With 2 Motors MP3 Player With USB E-Vehicles

Product Description:

Introducing the HLX-SX1718, an electrifying ride-on car designed to thrill children aged 3 to 8. This high-performance electric car combines advanced features with playful design, ensuring every ride is filled with excitement and joy. The HLX-SX1718 is powered by a robust 12V 7Ah removable battery and dual 35W motors, offering reliable performance for all your child's adventures. With high and low-speed settings and a slow start function, this ride-on car provides a smooth and controlled driving experience, perfect for both new and experienced young drivers. The car features a comfortable plastic seat with adjustable settings, allowing you to position it for optimal comfort. The quick-assembly steering wheel is easy for little hands to manage, enhancing the driving experience. Designed with interactive play in mind, the HLX-SX1718 includes a 2.4G one-to-one frequency remote control, providing parents with the ability to guide their child's ride from a distance. The MP3 player, complete with USB and TF slots, ensures that your little one can enjoy their favorite tunes while cruising around. For added fun and safety, the HLX-SX1718 is equipped with two openable doors, front and rear lights, and additional windshield and front bumper lights. The car's maximum load capacity of 60 kg ensures it can accommodate children and their favorite accessories. Available in a variety of vibrant colors including Red, White, Green, Orange, Wine Red, and Green, the HLX-SX1718 is sure to capture the imagination of any young driver. With certifications including ASTM F963, EN71-1-2-3, and EN62115, it meets stringent safety standards for peace of mind. Transform playtime into a thrilling adventure with the HLX-SX1718, where every ride is a journey of excitement and discovery.

Applications:

The HLX-SX1718 is powered by a 12V7AH removable battery, ensuring extended playtime with the convenience of easy recharging. Equipped with two 35W motors, this car provides reliable power and smooth operation, allowing for a fun driving experience.

Designed with safety and comfort in mind, the HLX-SX1718 features a plastic seat that can be adjusted forward or backward to accommodate growing children. The car includes plastic wheels and a high/low speed selection with a slow start function, ensuring a controlled and secure ride. Additionally, the car's maximum load capacity is 60 kg, making it suitable for one child.

The ride-on car comes with a 2.4G remote control, offering one-to-one frequency control for parents to oversee the driving experience. The remote also features various functions, including a high/low speed option and easy navigation. Aesthetic features include two openable doors, enhancing the realism of the car. For entertainment, the HLX-SX1718 is equipped with an MP3 player that includes USB and TF card slots, allowing children to enjoy their favorite music while riding. The car also features a quick-assembly steering wheel and practical lighting options, including windshield lights, front bumper lights, and both front and rear lights.

Available in vibrant colors such as red, white, green, orange, and wine red, the HLX-SX1718 is sure to captivate any young driver. The car meets safety standards ASTM F963, EN71-1-2-3, and EN62115, ensuring a secure and enjoyable experience.

The HLX-SX1718 electric ride-on car is a perfect blend of fun, safety, and style, making it a fantastic choice for children who love to drive and explore.
