Product Description

EVA Wheels diverse color choice 12V 7Ah battery electric kid car

Product Description:

The HLX-SX2068 electric ride-on car is the perfect vehicle for young adventurers aged 3 to 8, delivering fun, comfort, and ease of use. Powered by a 12V 7Ah battery and dual 35W motors, this car offers both high and low-speed options with a smooth, slow-start function to ensure a safe and exciting ride. The durable four EVA wheels provide stability and control, making every journey comfortable whether cruising around the yard or navigating outdoor paths. Designed with a convertible seat for extra versatility, the HLX-SX2068 caters to children of various sizes, supporting a maximum load of 30kg. The quick assembly steering wheel makes setup simple, and the easy-to-remove battery allows for convenient charging directly from the battery itself.

Adding to the experience, the car comes equipped with an MP3 player and Bluetooth functionality, allowing kids to play their favorite tunes as they ride. The bright front lights enhance the car's appearance and make every drive feel like a real adventure. Available in eye-catching Red, Green, and Pink, this electric kids' car blends style with fun and functionality.

Applications:

The HLX-SX2068 electric kids car is designed for children aged 3 to 8, offering a combination of fun, safety, and convenience. Powered by two 35W motors and a 12V 7Ah battery, it delivers a smooth and reliable ride with high and low-speed selection to cater to different driving preferences. The slow-start function ensures gradual acceleration, enhancing safety for younger drivers.

Equipped with four EVA wheels, this ride-on car provides excellent traction and stability, allowing kids to enjoy their adventures on various terrains. The convertible seat adds flexibility, making the driving experience comfortable and adaptable for different children.

For entertainment, the built-in MP3 player comes with Bluetooth connectivity, allowing kids to play their favorite music while driving. The quick-assembly steering wheel ensures easy setup, and the front lights enhance visibility, making it a stylish and functional choice.

One of the standout features of the HLX-SX2068 is the removable battery, which can be easily taken out and charged separately, offering convenience for parents. Available in red, green, and pink, this car supports a maximum load of 30 kg and provides a fun, interactive, and safe driving experience for young children.
