Product Description

Controllable handle design 12V 4.5Ah battery 2 motors kids car

Product Description:

The HLX-SX2368 electric ride-on car is designed for children aged 8 to 12, delivering both comfort and excitement. It features a robust setup with two 12V 550# motors and dual 12V 4.5Ah batteries, allowing for a maximum speed of 2-5 km/h. With a spacious and comfortable seat, kids can enjoy a smooth and enjoyable ride.

The HLX-SX2368 is equipped with plastic wheels for durability and comes with a 2.4 G one-to-one frequency remote control for added safety and convenience. Parents can easily control the car's movement while children enjoy the drive. The car includes high and low speed settings, along with a slow start function to ensure a gradual and safe acceleration. Available in vibrant colors such as Red, Pink, Blue, and Green, this ride-on car is both stylish and practical. It supports a maximum load of 50 kg, making it suitable for various adventures. An MP3 player is also included, adding a fun musical element to the driving experience.

Perfect for young drivers who crave comfort and control, the HLX-SX2368 provides a delightful blend of fun and safety.
