Product Description

36V 250W Motor 25km/H High Speed 20*2.125 Wheel Size Foldable E-Bike

Product Description:

The HYZN-20HM electric folding city bike is the perfect blend of convenience and performance for urban commuters. With a compact 20 x 2.125 inch wheel size, it offers agile handling and easy maneuverability through city streets. Powered by a 36V 250W motor, this bike delivers smooth acceleration and a top speed of 25 km/h, making it ideal for city travel.

The HYZN-20HM is equipped with a reliable 36V battery, available in both 6.4Ah and 7.0Ah options, ensuring you have enough power for your daily rides. Weighing just 17.5 kg, this lightweight bike is easy to fold and carry, making it a great choice for those with limited storage space.

With a standard load capacity of 100 kg, it supports a range of riders and essentials. The HYZN-20HM is designed to offer a practical and efficient solution for urban mobility, combining portability with dependable performance.

Technical Parameters:

Electric Folding City Bike	
Wheel Size	20*2.125
Motor	36V 250W
Battery	36V 6.4Ah / 36V 7.0Ah
Max Speed	25km/h
Net Weight	17.5kgs
Standard Load	100kgs

Applications:

The HYZN-20HM is a compact and efficient electric folding city bike designed for urban commuting and convenience. It features a 20-inch wheel size, offering a balance of portability and ride comfort. The bike is powered by a 36V 250W motor, providing reliable performance for everyday travels.

Equipped with a 36V battery available in two capacities—6.4Ah and 7.0Ah—the HYZN-20HM supports a maximum speed of 25 km/h, making it suitable for city commutes and leisure rides. Its net weight of 17.5 kg ensures it remains lightweight and easy to handle, while the standard load capacity of 100 kg accommodates a range of riders and accessories.

With its folding design, this bike is ideal for those who need a practical and space-saving solution for city travel.

Customization:

Introducing the HYZN-20HM, a compact electric folding city bike designed for urban commuting. It features a 20 x 2.125 wheel size for a smooth ride and is powered by a 36V 250W motor. Choose between a 36V 6.4Ah or 36V 7.0Ah battery to suit your needs, offering a maximum speed of 25 km/h. With a net weight of just 17.5 kg and a standard load capacity of 100 kg, this bike combines lightweight design with practical functionality for city travel.
