Product Description

36V 250W Motor 25km/H High Speed 20*2.125 Wheel Size Foldable E-Bike

Product Description:

The HYZN-BULL electric off-road city bike is designed for adventurers who crave both urban efficiency and off-road excitement. Its robust 20 x 2.3 inch wheels provide enhanced stability and traction, ensuring a smooth ride across diverse terrains.

Powered by a 36V 250W mid-drive motor, the HYZN-BULL delivers powerful performance whether you're navigating city streets or tackling rough trails. The bike features a versatile battery system with options of 7.8Ah, 10.4Ah, and a high-capacity 14.0Ah battery, allowing you to choose the range that best suits your adventures. For those in Europe, the bike is configured to a top speed of 25 km/h to meet local regulations, while other regions enjoy speeds up to 40 km/h.

Finished in a stylish light brown, the HYZN-BULL combines rugged aesthetics with practical functionality. With a standard load capacity of 100 kg, it's built to accommodate riders and gear with ease. Whether you're commuting through the city or exploring off-road, the HYZN-BULL is your reliable partner for every journey.

Technical Parameters:

Electric Off Road City Bike	
Wheel Size	20*2.3
Motor	36V 250W mid drive motor
Battery	36V 7.8Ah / 10.4Ah 36V 14.0Ah
Max Speed	40km/h (25km/h for EU)
Color	Light brown
Standard Load	100kgs

Applications:

The HYZN-BULL is a rugged electric off-road city bike built for adventurous urban and off-road riding. It features a 20-inch wheel size, paired with a 36V 250W mid-drive motor that delivers robust power for various terrains.

The bike comes with a choice of battery capacities: 36V 7.8Ah, 10.4Ah, or 14.0Ah, allowing for flexibility in range and performance. It can reach a maximum speed of 40 km/h, though this is limited to 25 km/h for EU models to comply with local regulations.

Finished in a distinctive light brown color, the HYZN-BULL offers a standard load capacity of 100 kg, making it suitable for both the rider and additional gear. Its design ensures durability and efficiency, catering to those who seek a versatile bike for both city commuting and off-road adventures.

Customization:

Introducing the HYZN-BULL, an electric off-road city bike built for adventure and urban exploration. It features a 20 x 2.3 wheel size for enhanced stability and control. Equipped with a powerful 36V 250W mid-drive motor, it delivers a top speed of 40 km/h (25 km/h for EU regulations). Choose from battery options of 36V 7.8Ah, 10.4Ah, or 14.0Ah for extended range. With a standard load capacity of 100 kg and a distinctive light brown color, this bike is designed to handle both rugged terrains and city streets.
