## Product Description

golden brown-grey foldable e-bike with 250W motor power in 25KM/h speed

### Product Description:

The HYZN-HM20 is a sleek, compact electric folding city bike designed for urban commuters who value convenience and efficiency. Equipped with 20x2.125-inch wheels, this bike ensures a smooth ride, even on uneven surfaces. Powered by a 36V 250W motor, it delivers reliable performance, allowing you to navigate city streets with ease while reaching speeds of up to 25 km/h.

With two battery options—36V 7.8Ah and 36V 10.5Ah—the HYZN-HM20 provides flexibility for different commuting needs, offering ample power for daily trips without frequent charging. The lightweight design, at just 18 kg, makes this bike easy to fold and carry, perfect for storing in tight spaces or taking on public transportation.

Despite its compact size, the HYZN-HM20 can support a standard load of 100 kg, ensuring durability and stability for riders of various sizes. Whether you're rushing to work or exploring the city on the weekend, this electric folding bike combines practicality and performance in a user-friendly package.

### Technical Parameters:

Electric Folding City Bike	
Wheel Size	20*2.125
Motor	36V 250W
Battery	36V7.8Ah / 36V 10.5Ah
Max Speed	25km/h
Net Weight	18kgs
Standard Load	100kgs

### Applications:

Introducing the HYZN-HM20 Electric Folding City Bike, designed to enhance urban commuting with its lightweight, foldable structure and reliable performance. This bike is perfect for city dwellers who need a compact, easy-to-store transportation solution that doesn't compromise on power or efficiency.

The HYZN-HM20 comes equipped with 20-inch wheels and a tire width of 2.125, offering a stable and smooth ride through city streets. Its compact size makes it ideal for quick folds and easy storage, making it perfect for apartments or public transportation use.

Powered by a 36V 250W motor, the bike delivers efficient performance for daily commuting. The motor is designed to provide a balanced blend of speed and control, ensuring a comfortable ride even in busy city traffic.

The battery options of 36V 7.8Ah or 36V 10.5Ah offer flexibility based on your range needs. Whether you're commuting a short distance or taking a longer ride, the HYZN-HM20's battery capacity ensures you'll reach your destination with ease. With a top speed of 25km/h, this bike allows for a swift and efficient commute. Weighing just 18kg, it remains lightweight, making it easy to fold and carry wherever your journey takes you.

The bike has a standard load capacity of 100kg, providing sufficient strength to support various riders and any additional items you need to bring along.

In conclusion, the HYZN-HM20 Electric Folding City Bike is the ideal choice for urban commuters who value portability, power, and efficiency. Its compact design, coupled with a reliable motor and battery, ensures a smooth, convenient, and eco-friendly riding experience.

### Customization:

The HYZN-HM20 is designed for urban commuting, featuring 20 x 2.125-inch wheels that offer a smooth and stable ride. Powered by a 36V 250W motor, it comes with battery options of 36V 7.8Ah or 36V 10.5Ah, providing reliable energy for daily travels. The bike reaches a maximum speed of 25 km/h and weighs 18 kg, making it both easy to manage and fold for compact storage. With a standard load capacity of 100 kg, it's well-suited for city commuting.
