Product Description

EcoGlide 700C City Electric Bike With 250W Motor And 7-Speed Shimano Gearing

Product Description:

The **KDF-Go Elegant 600** is the perfect blend of style, efficiency, and comfort—an ideal electric city bike for those seeking a reliable and smooth ride through urban landscapes. With its lightweight frame, powerful motor, and user-friendly features, it's designed to make city commuting more enjoyable and convenient.

Equipped with a **36V, 250W rear motor**, the KDF-Go Elegant 600 provides steady and powerful assistance as you navigate city streets. The **36V 10.4Ah lithium battery** offers a range of **30-50 km**, allowing you to travel through neighborhoods, run errands, or commute to work with ease. The charging time of just **5-6 hours** ensures that you're always ready to go when you need it.

The **Alloy 6061 frame** provides both durability and a lightweight structure, offering easy handling and resilience for daily urban commuting. With the **700C wheels**, you can enjoy a smooth ride on a variety of road surfaces. The bike features an **alloy suspension fork** (29"), equipped with a mechanical lock, to absorb shocks from uneven city roads or occasional bumps, ensuring a comfortable and stable ride no matter where you go.

To enhance your cycling experience, the KDF-Go Elegant 600 is equipped with a **Shimano SL-TX50-R7 7-speed gearing system** and **Shimano Tourney RD-TY300 7-speed derailleur**, which ensures smooth and precise gear transitions. Whether you're cruising on flat terrain or tackling some gentle inclines, the bike provides a reliable and flexible shifting system to suit your riding style.

Safety is a top priority with the **alloy mechanical disc brakes**, providing solid stopping power for quick and responsive braking. Whether you're cruising down a hill or stopping at an intersection, you can count on these brakes to deliver a smooth and secure stop.

The **Kenda K935, 700 x 50C tires** offer excellent traction and stability, making them ideal for city streets and occasional off-road excursions. Paired with **alloy double-wall rims** and **13G steel spokes**, the wheels are strong and reliable for long-term use, ensuring smooth handling and a durable design.

The **VELO comfortable saddle** ensures that you stay comfortable even on longer rides. The **alloy handlebar and stem** provide a solid and ergonomic grip for better control, reducing strain on your wrists and back during commutes. With the **LCD display**, you can easily monitor your speed, battery life, and other key metrics, ensuring that your ride remains hassle-free and enjoyable.

The **pedal assist** feature allows you to customize your experience, providing just the right amount of motor assistance depending on the terrain or how much effort you want to put into pedaling. Whether you're looking for an energy-saving ride or a little extra boost on steeper hills, the KDF-Go Elegant 600 adapts to your needs.

The KDF-Go Elegant 600 is a perfect choice for urban riders who want the convenience of an electric bike with the comfort and durability needed for daily city riding. Its sleek design, combined with a powerful motor, efficient battery, and smooth shifting gears, makes it a standout in the world of city e-bikes.

If you're looking for an electric city bike that offers smooth, comfortable rides with plenty of power and range, the KDF-Go Elegant 600 is your ideal solution. With its sleek design, user-friendly features, and versatile performance, this bike is ready to take you wherever your urban adventures lead. Whether it's for commuting, leisure rides, or short trips around town, the KDF-Go Elegant 600 ensures that your ride will always be stylish, comfortable, and efficient.

Technical Parameters:

Electric City Bike	
Motor	Rear motor, 36V 250W
Range	30-50 km
Battery	36V 10.4Ah Lithium battery
Charging Time	5-6 hours
Display	LCD display
Pedal Assist	Yes
Max Speed	25 km/h
Waterproof	Waterproof harness
Frame Material	Alloy 6061, 700C
Brakes	Alloy mechanical disc brakes

Applications:

The KDF-Go-Elegant 600 city e-bike blends sleek design with practical functionality, making it an ideal companion for urban commuting and leisure rides. Powered by a 36V 250W rear motor and a 36V 10.4Ah lithium battery, it delivers a range of 30–50 km, providing dependable support for your daily journeys. The battery charges in 5–6 hours, ensuring minimal downtime between rides.

Crafted with an Alloy 6061 frame and a 29" alloy suspension fork with a mechanical lock, this e-bike offers durability and a smooth riding experience. The Shimano 7-speed gearing system, featuring the SL-TX50-R7 shifter and Tourney RD-TY300 derailleur, allows precise and efficient gear transitions, ensuring adaptability for various terrains and inclines.

The Kenda K935 700x50C tires, mounted on alloy double-wall rims, provide excellent grip and stability for navigating city streets with confidence. Alloy mechanical disc brakes ensure consistent and reliable stopping power, adding to the bike's safety and performance.

Comfort is a priority, with an ergonomic VELO saddle and alloy handlebars providing a relaxed riding position. The Prowheel PRO-E44P 44T alloy crankset, KMC chain, and waterproof harness enhance the bike's efficiency and

reliability.
Equipped with an LCD display, the KDF-Go-Elegant 600 keeps you informed about your speed, battery level, and distance traveled. Capable of reaching a top speed of 25 km/h (or 32 km/h in select regions), it features pedal assist for a seamless blend of manual and electric power.
Whether commuting or enjoying a leisurely ride, the KDF-Go-Elegant 600 city e-bike delivers style, comfort, and performance for the modern rider.

Customization:

The KDF-Go-Elegant 600 offers a perfect balance of style and functionality, making it an excellent choice for city riders seeking comfort and performance in an electric city bike. With a 36V 250W rear motor and a 36V 10.4Ah lithium battery, this bike provides a range of 30-50 km, catering to daily commutes or leisure rides. The pedal assist system ensures smooth and efficient power delivery, while the charging time of 5-6 hours makes it easy to keep the bike ready for your next journey.
Designed with an Alloy 6061 frame and a 700C geometry, the KDF-Go-Elegant 600 ensures durability and a sleek urban appearance. The 29-inch alloy suspension fork, equipped with a mechanical lock, offers a smooth ride across varied city terrains. The Shimano 7-speed gearing system, featuring SL-TX50-R7 shifters and a Tourney RD-TY300 derailleur, provides reliable and precise gear shifts, enhancing adaptability and control.
Safety and stability are prioritized with alloy mechanical disc brakes and Kenda K935 700*50C tires, which deliver exceptional grip and stopping power. The alloy double-wall rims, 13G steel spokes, and Prowheel PRO-E44P crankset ensure long-lasting performance and reliability. The VELO comfortable saddle adds to the overall riding experience, making it ideal for extended city rides.
