Product Description

Product Description

The LEE515 is expertly crafted for cyclists who prioritize comfort and functionality in their rides. Built with a durable steel frame, this electric bike combines strength with a sleek design, providing a reliable option for various cycling needs. The rigid fork ensures stability during rides, enhancing the overall handling of the bike. At the core of its performance is a robust 36V 350W rear hub motor, which delivers quick acceleration and smooth operation, whether you're commuting through busy streets or enjoying leisurely rides. The integrated LED display keeps riders informed about speed, battery life, and other essential metrics, allowing for a seamless riding experience. Powered by a Lithium-ion battery rated at 36V and 10.4Ah, the bike boasts an impressive range of 60-80 km on a single charge, making it ideal for longer journeys. The Shimano Tourney 7-speed gear system provides versatility, enabling riders to easily shift gears based on terrain. Coupled with Kenda 26" x 1.95" tires, this bike ensures optimal traction and comfort on various surfaces. Weighing 24 kg, it is both manageable and sturdy, making the LEEBIKE Rear Rack Battery Pack Series an outstanding choice for everyday cyclists seeking performance and reliability.

Parameter Specification

Frame	Steel
Fork	Rigid Fork
Motor	Rear Hub Motor 36V 350W
Display	LED Display
Battery	36V/10.4Ah
Charger	36V 2A
Gear Set	Shimano Tourney 7-Speed
Tire Size	26" x 1.95"
Brake	V Brake
Range	60-80 km

Applications

The LEE515 is designed for a multitude of cycling applications, making it perfect for both everyday commuters and recreational riders. Whether you're navigating city streets for work, running errands, or simply enjoying leisurely rides through parks, this electric bike excels in versatility. Its powerful 36V 350W motor allows for quick acceleration, seamlessly handling both flat terrains and gentle inclines. With a range of 60-80 km on a single charge, it's ideal for longer trips without the worry of battery depletion. The comfortable design and reliable Shimano 7-speed gear system further enhance its usability, ensuring a smooth and enjoyable riding experience for all skill levels.
