

Cargo EBIke Rear Hub Motor 6061 Aluminum Alloy Frame LCD Display 70-100 Km Range Effortless

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: LK
- Model Number: LEE991L
- Minimum Order Quantity: 50pcs
- Price: Negotiation
- Delivery Time: 30-45days
- Payment Terms: T/T

Product Specification

- Motor: Rear Hub Motor 48V 750W
- Battery: Li-ion 48V/15Ah
- Charger: 48V Quick Charger 3A
- Brake: Hydraulic Disc Brake 180 Mm
- Display: LCD Display
- Frame: 6061 Aluminium Alloy
- Tire: Kenda 20"x3"
- Fork: Suspension Fork
- Sproket: Shimano 7 Speed 14-28T
- Gear Set: Shimano Tourney 7-Speed
- Range: 70-100km
- Weight: 37.6 Kg
- Highlight: **70km Range Cargo EBIke,
6061 Aluminum Alloy Frame Cargo EBIke,
LCD Display Cargo EBIke**

Product Description

Product Description

The LE991L is engineered for versatility, making it perfect for transporting goods and navigating busy urban environments. Built with a sturdy 6061 aluminum alloy frame, it combines durability with a lightweight design. The bike features a robust suspension fork, ensuring a smooth ride even when loaded, while the Kenda 20" tires provide excellent grip and stability. Powered by a 48V 750W rear hub motor, the LE991L delivers impressive torque for carrying heavy loads and climbing steep inclines. The integrated LCD display allows riders to monitor speed, battery life, and other essential metrics, enhancing the riding experience. With a high-capacity Lithium-ion battery rated at 48V and 15Ah, this cargo bike offers a range of 70-100 km on a single charge, ideal for long deliveries or extended trips. Equipped with a Shimano Tourney 7-speed gear system, the bike adapts effortlessly to various terrains, while hydraulic disc brakes ensure reliable stopping power, even under heavy loads. Weighing 37.6 kg, the LE991L is not just an electric bike; it's a practical solution for anyone looking to combine their cycling needs with everyday carrying capabilities.

Parameter Specification

Frame	6061 Aluminium Alloy
Fork	Suspension Fork
Motor	Rear Hub Motor 48V 750W
Display	LCD Display
Battery	Li-ion 48V/15Ah
Charger	48V Quick Charger 3A
Gear Set	Shimano Tourney 7-Speed
Tire Size	20" x 3"
Brake	Hydraulic Disc Brake 180mm
Range	70-100 km

Applications

The LE991L is designed for a wide range of applications, making it an ideal choice for urban delivery services, family outings, or grocery runs. Its powerful 48V 750W motor allows for easy navigation through busy streets, while the substantial range of 70-100 km ensures that longer trips are feasible without frequent recharging. The suspension fork and Kenda 20" tires provide comfort and stability, even when transporting heavy items. The Shimano 7-speed gear system enables smooth transitions on varying terrains, while the hydraulic disc brakes offer dependable stopping power, enhancing safety. Whether for business or leisure, the LE991L seamlessly integrates functionality and convenience, catering to diverse cycling needs.
