Product Description

Kids Electric with Compact and Lightweight Design and 3 Speed ModeButton Start

Product Description:

Introducing our captivating range of electric ride-on scooters tailored for children aged 5 and older. Featuring models JL008-04, JL008-06, and JL008-07, these scooters blend eye-catching designs with cutting-edge technology, ensuring a safe and exhilarating riding experience.

Key Features:

Vibrant Designs: Each model boasts distinctive graphics that appeal to young riders. From bold colors to playful patterns, these scooters are designed to spark imagination and express individuality.

Powerful Performance: With a 200W brushless motor, these scooters provide impressive speed and smooth acceleration. Kids can enjoy a thrilling ride while parents appreciate the reliability and control during use.

Efficient Battery Life: Equipped with a 24V/4Ah lithium battery, these scooters can travel up to 6 km on a single charge. The quick charging time of just 3-6 hours ensures they are ready for action in no time.

Safety Features: Safety is our priority. The scooters feature a robust frame that supports up to 50 kg, along with a reliable braking system, comfortable seating, and safety knee pads to ensure a secure riding experience.

Compact and Lightweight: Measuring 1080 x 935 x 565 mm, these scooters are easy for young riders to handle, making them perfect for various outdoor environments, from parks to residential areas.

User-Friendly Controls: With three adjustable speed settings, children can easily find a comfortable pace, allowing for a safe and enjoyable ride tailored to their skill level.

In summary, our electric ride-on scooters are a perfect combination of fun, safety, and performance, making them ideal for outdoor adventures and exploration.

Technical Parameters:

Children Electric Scooter	
Product Size	108x 93x 573x 65 cm
Charging Time	3 - 5 hours
Range	4 - 6km
Voltage	36V 3.6Ah
Motor	200W brushless
Frame Material	Iron + Plastic
Rear Wheel	PU with light
Max Load50	50kg
Carton Size	58.5 x 45 x 21 cm

Applications:

These electric ride-on scooters are perfect for a range of outdoor activities, making them ideal for parks, playgrounds, and neighborhood streets. They encourage children to engage in physical activity while providing a fun way to explore their surroundings. Riding these scooters helps develop motor skills and coordination, all while promoting an active lifestyle.

Parents can easily supervise their children as they ride, ensuring a safe environment for play. These scooters also make wonderful gifts for birthdays, holidays, or special occasions, sparking joy and excitement. They foster social interaction, allowing kids to ride together, share experiences, and create lasting memories.

Whether used for family outings, school events, or community gatherings, these scooters offer endless fun and excitement, making them a must-have for any young adventurer looking to explore the world around them.

Customization:

Customization options are available to enhance each ride-on scooter. Customers can choose from a variety of colors and graphics to personalize their scooters, allowing children to express their unique style. Additionally, accessories such as custom seat covers, handle grips, and safety gear can be provided to enhance comfort and safety.

For bulk orders, special designs or themes can be created to suit schools, events, or community programs. This ensures that each scooter reflects the personality of its rider while maintaining a focus on safety and enjoyment.
