- Minimum Order Quantity: 10 pcs
- Delivery Time: 40-50 Days

Product Specification

- Motor: 250W Brushless Geared Motor
- Fork: Air Suspension
- Gross Weight: 45kgs
- Controller: 36V With PAS Sensor
- Motor Position: Rear Hub Motor
- Battery Voltage: 36V
- Type: Full Suspension
- Pedal Assist: 1:1 Intelligent
- Highlight: Full Suspension Electric Mountain Bike,
Air Suspension Electric Mountain Bike,
Air Full Suspension Mountain Bike

Product Description

Product Description:

The Electric Mountain Bike is a top-of-the-line product that combines cutting-edge technology with advanced design to deliver an exceptional riding experience. This high power ebike is equipped with a powerful 36V battery that ensures long-lasting performance and allows riders to conquer challenging terrains with ease.

Designed for adventure seekers and outdoor enthusiasts, this electric two wheeler bike features a 1:1 intelligent pedal assist system that provides seamless assistance while riding, making it a perfect companion for both beginners and experienced riders. The pedal assist functionality ensures a smooth and efficient ride, allowing users to conserve energy and enjoy longer journeys.

With a full suspension design, this electric mountain bike offers superior comfort and control, allowing riders to tackle rough trails and bumpy roads with confidence. The full suspension system absorbs shocks and vibrations, providing a smooth and stable ride even on the most challenging terrains.

Equipped with a wattage range of 251 - 350W, this high speed ebike delivers impressive power and performance, allowing riders to reach higher speeds and conquer steep inclines with ease. Whether you're exploring mountain trails or cruising through city streets, this electric mountain bike offers a thrilling and exhilarating riding experience.

In terms of logistics, the Electric Mountain Bike is available in container load quantities of 110PCS/1X20'gp and 290PCS/1X40hq, making it a convenient and cost-effective option for retailers and distributors looking to stock up on this popular product. With its high demand and exceptional features, this electric mountain bike is sure to attract customers and boost sales for any business.
